## 'Runaway' Hits 7 Autos

Driver Cited, Woman Injured In Spectacular Crash

A spectacular eight-vehicle crash Monday afternoon sent a Chester woman to City Hospital and a Pleasant Heights man to Municipal Court when his sedan struck seven other cars as it careened across E. 4th St. and through a private parking lot before coming to a halt partially atop two parked autos in E. Church Alley.

MIRACULOUSLY, the woman was the only person injured in the mishap, which veteran observers said involved the most cars to figure in one accident in East Liverpool in many years. Six of the eight cars were parked — four in the Travelers Hotel lot and two in the alley immediately at the rear.

Mrs. Vivian K. Brown, 34, a passenger in a 1964 station wagon operated by her husband, William M. Brown, 99 Railroad St., Chester, was taken to the hospital by ambulance after the family car was struck by a 1963 sedan operated by Robert H. Jones, 62, of 1997 Lisbon St.

Mrs. Brown was admitted to the hospital with a possible head injury. Her condition today was "fair."

Jones told Patrolman William M. Brown that he started to pull out of the First National

Bank's drive-in branch but could remember nothing after hitting the station wagon.

BROWN SAID he was headed west about 20 miles an hour when Jones came out of the driveway "real fast," striking his vehicle and continuing into the hotel parking lot.

Following a two and a half-hour investigation, Jones was cited on a charge of reckless driving.

In a lengthy hearing today before Municipal Judge Samuel M. Chertoff, Jones was fined \$25 and costs, but the fine was suspended on payment of costs. Jones pleaded "no contest."

Judge Chertoff heard explanations of the mishap from Officer Devon and Jones. The judge commented that: "This is one of those unexplainable, unfortunate accidents."

JONES REPEATED that he did not know what happened, but told the court his accelerator apparently was thrown open in some unexplained way as he applied the brakes when driving out of the bank onto E. 4th St. He said it was his first traffic accident in 45 years of driving.

After striking or damaging the four cars parked on the

east side of the lot, Jones' auto knocked down an iron railing and sailed across E. Church Alley with its rear end coming to rest atop a 1962 two-door owned by Hans Solterbeck of the YMCA and a 1955 station wagon of Don Russell, 114 E. Church Alley.

THE FOUR damaged cars in the hotel lot included a 1961 sedan owned by Frank B. Patterson of Wrightstown, Pa.; a 1964 hardtop of John J. Singleton of Akron; a 1956 two-door owned by Patsy Ann Black, 631 Oak St., and a 1963 sedan of Francis C. Robison of Christian, Ill., police said.

The front and rear ends and both sides of Jones' 1963 car were damaged. The entire right end of Singleton's Chrysler hardtop was damaged and the gas tank was ripped off while the right side of Miss Black's car was struck. The entire right side of Robinson's Cadillac was damaged along with the right rear of Patterson's car.

THE DAMAGE to Brown's station wagon included the left front fender, grille and front bumper. The front end of Solterbeck's car and the rear end

## Hoffa Plans To Appeal Prison Term

Given Five Years, Fined \$10,000 For Fraud, Conspiracy

CHICAGO (AP) — The chief counsel of James R. Hoffa says he will appeal the five-year prison term given the Teamsters Union president on a mail fraud and conspiracy conviction.

Maurice Walsh, Hoffa's chief attorney, said he would appeal the sentence and ask for a new trial within the 10-day period established Monday by Judge Richard B. Austin of U.S. District Court.

Judge Austin sentenced Hoffa, 51, to four concurrent five-year terms and fined him \$10,000. He said the term would be served after Hoffa finishes an eight-year prison sentence imposed in Chattanooga, Tenn., for jury tampering. Hoffa has appealed the conviction.

Judge Austin sentenced Hoffa and six codefendants Monday on convictions of mail fraud and conspiracy July 26, stemming from a scheme to fraudulently obtain more than \$25 million from the Teamsters pension fund.

Prosecutors said appeal procedures could forestall imprisonment for Hoffa for as long as two years.

Hoffa's sentence was the maximum permitted — five years for each of three counts of fraud and five years and the fine for conspiracy.

## Trip For Pop Lucky—Train Smashes Rig

Gerald J. O'Rourke, 33, of Harrisburg pulled his rig into the unloading dock of New Castle Refractories at 2nd St. in Newell this morning at 2:30.

On past trips to the plant, it was his customary practice to climb into a bunk in the trailer of his rig and catch up on his sleep while the trailer was unloaded by crews of the plant.

This time, however, O'Rourke felt thirsty and walked inside to buy a bottle of soda pop.

His sudden thirst probably either saved his life or serious bodily injury.

The rig was parked on the Pennsylvania Railroad Co. tracks in a parallel position next to the unloading dock of the Newell concern. The trailer was loaded with refractories materials.

While O'Rourke was inside quenching his thirst, a freight car being shifted in the vicinity smashed into the front of the trailer, causing extensive damage.

The impact was hard enough to crush the front of the trailer, shoving the tractor-trailer rig backwards 30 feet.

"I never get out while the trailer is being unloaded, I always go to sleep," O'Rourke told Deputy Paul R. Cowey of the Hancock County sheriff's office.

"But this time," O'Rourke rejoiced, "something told me to go get a bottle of pop. I felt thirsty."

Deputy Cowey said if O'Rourke had been inside the rig at the wheel, his feet would probably have been crushed by the clutch when the collision happened. Or he could also have been hurt if he was sleeping, the deputy said.

The rig is owned by C. A. Shetrom of Huntington, Pa.

## Board Acts On Faculty Posts

## 18 Teachers, Principal Named In City Schools

The appointment of Jerry R. Russell as principal of East Junior High School along with the hiring of 18 teachers were approved Monday night by the Board of Education.

Russell, 27, who was elementary supervisor and principal of Orchard Hill School in Leontonia last year, was granted a two-year contract calling for \$7,800 the first year and \$8,000 the second. Retroactive to Aug. 1, the contract is on a 10-month basis.

RUSSELL succeeds Clarence G. Means, who was paid \$8,000. Means resigned to become principal of Toronto High School.

Eight elementary teachers, six high school instructors and four junior high teachers also were employed.

The new grade school instructors are Mrs. Gretchen Baldwin, Mrs. Carole Fetty, Mrs. Elizabeth Tuttle, Mrs. Betty Cartwright, Miss Linda Evans, Mrs. Elizabeth Steiner, Richard Reed, who also will be an assistant football coach at Westgate, and Daniel W. McKeel. Joining the high school faculty will be Dean Forsythe, Roy

J. R. RUSSELL  
He'll Head East Junior High.

W. Scarazzo, Harvey Kleiman, Harold B. Robinson, Phillip Hunt and Kenneth Myers.

Frank Melchiorre, a Geneva College graduate, was named an East Junior High teacher and basketball coach while Donald Donatelli was appointed to the staff at East Junior and

also was named assistant football coach. Donatelli resigned earlier this year for a pro football tryout.

THOMAS MANNING was appointed to the Westgate Junior High staff and also will be assistant football coach while Miss Margaret Sue Kinsey was named vocal music instructor for Westgate Junior High.

A reading workshop for teachers is being held today at Westgate, Asst. Supt. George Hargraves announced. Sponsored by the Economy Co., the reading course uses both phonics and a text. It is used in some classes but has not been adopted for the system, he said.

Several other workshops in other study areas are planned, Hargraves said.

The board also approved the appointment of Donald Rogers, an East Junior High teacher, as co-ordinator of elementary and junior high basketball leagues at a salary of \$150.

THE BOARD accepted the resignations of Mrs. Jerry (Turn to Page 6, Column 6)

## Proposals Are Called Inadequate

Union Board May Select Its No. 1 Target Thursday

DETROIT (AP) — The nation's auto industry was a step closer to a possible crippling strike today with rejection by the United Auto Workers Union of new contract proposals by General Motors, Ford and Chrysler.

Which of the Big Three automakers will be chosen as the No. 1 strike target probably will be decided at a meeting of the UAW International Executive Board Thursday in Chicago.

GM was named as the primary target in 1961. Ford was selected in 1955 and 1958.

In almost identical offers Monday, the companies proposed new three-year contracts for more than a half million production line workers, calling for higher wages, earlier retirement and larger pensions.

The proposals — to replace agreements expiring at the end of this month — were immediately rejected by UAW bargainers as "terribly disappointing" and "miserably inadequate."

In turn, a Ford spokesman observed: "This makes the situation very serious."

Workers at all three companies are participating in a strike-authorization vote which is expected to gain overwhelming approval.

Such a move is customary as contract expiration deadlines approach.

In 1961, both sides agreed to a week's extension of the GM contract, and agreement was reached on a new pact six hours before the strike deadline.

Asked whether the union would agree to a similar arrangement this time, UAW Vice President Leonard Woodcock told newsmen: "Our people in the plants are opposed to it."

Woodcock, chief union negotiator at the GM bargaining table, said the company offer did not begin to close the gap prevailing between the hourly rated workers represented by the UAW and salaried white collar employees.

No mention was made in the industry proposals of one of the union's top demands this year: improved working conditions.

The union has insisted that the national agreement include two 10-minute daily breaks for workers on the assembly lines in addition to the 12-minute breaks already allowed.

One of the UAW's top priority demands was included in the company proposals but was denounced as inadequate. This was a provision covering earlier retirement and increased pension benefits.

## Stores' Later Hours To Begin Wednesday

Inaugurating a new schedule, most East Liverpool stores will skip their usual mid-week half holiday Wednesday, remaining open until 5 p. m.

The new policy was announced by merchants last Saturday. It is a change from a schedule under which stores closed at noon on Wednesdays for 12 to 15 years.

The stores now will operate until 5 each Wednesday throughout the year. Because of the change, some have advanced their opening time until 9:30 a. m.

Safety Service Director Robert E. Vodrey warned today that parking meter fees will be required Wednesday afternoon because of the stores' operation. The meters were not checked on Wednesday afternoons when stores were closed.

## Beaver Local Bus Cutbacks Draw Protest

50 Of Rogers Area Air Curtailment At Meeting Of Board

A delegation of between 50 and 60 parents from the Rogers area protested the new transportation policy of the Beaver Local Board of Education Monday night in a discussion that lasted more than two hours.

The school board agreed to meet Wednesday night with Rogers Mayor Glenn Rhodes and a committee to review the transportation situation. However, the meeting is not restricted to the Rogers committee, school officials said.

Because of a lack of funds, the board decided sometime ago that pupils residing a mile or less from the elementary buildings must walk or provide their own transportation.

Those attending the high school or Public School must walk or furnish their own transportation to the elementary schools where they will be picked up by buses, providing they live within a mile of the elementary schools.

The Rogers parents argued the school is not in the village, as is the case with some of the other elementary buildings, and pupils would have to walk heavily-traveled Route 7. They cited particularly the number of trucks that use Route 7.

The board approved the appointment of Mrs. Evelyn Atkinson of Vermillion as home economics teacher in the high school.

Three more teachers are expected to be employed today. (Turn to Page 3, Column 6)

## Sen. Keating Says He'll Seek 2nd Term

NEW YORK (AP) — Sen. Kenneth B. Keating, R-N.Y., announced today he will seek election to a second term.

Keating, who has expressed dissatisfaction with his party's presidential ticket, indicated he would run independent of it. The announcement ended weeks of speculation about what road the 64-year-old, silver-haired lawyer from Rochester would choose.

## Actors' Daughter Victim

## 8 Killed, 40 Hurt In Bus Accident

SAN CLEMENTE, Calif. (AP) — Eight persons, including the adopted daughter of actors Roy Rogers and Dale Evans, were killed and about 40 others were injured when a bus carrying 65 church members crashed head-on into seven other vehicles Monday.

Highway patrol officers said a front tire on the church bus blew out, causing the vehicle to careen across the center line on busy U.S. 101 into oncoming traffic.

Four of the dead were children. Ten of the injured were reported in serious condition. After the accident, the horrified, frightened reactions were: "I couldn't look," "We all just prayed," "I thought I was going to die. I can't believe I'm alive."

Officers said the bus was 21 years old and had no emergency exit. It was carrying 65 members of the Disciples of Christ chapel of the Canyon Church of Canoga Park, Calif., and was six miles south of San Clemente, near San Onofre Bridge, when a front tire blew.

The bus hurtled across the highway divider, striking seven other vehicles and finally coming to rest against a palm tree at the edge of a 40-foot bluff over San Onofre Creek.

Two children on the church bus died. One was Deborah Lee Rogers, 12, a Korean, adopted daughter of Rogers and Miss Evans, his wife. The other was Deborah's friend, Joan Russell, 11, daughter of Mr. and Mrs. Robert Russell of Granada Hills, Calif.

The other six dead were all in one station wagon. They were Margaret Huss Armijo, 20, of Albuquerque, N.M.; her children, Jo Ellen, 16 months, and Joseph, 6 months; her mother, Marie Huss, 50, of Fallbrook, Calif., and her sisters, Susan, 22, and Catherine, 15.

Miss Evans, distraught and under sedation at her Chatsworth, Calif., home, said only, "I've heard it, but I can't accept it. I just can't."

## Cactus Bar Owner Cited

## Victim's Claim Of 'Cheat' Gambling Results In Raid

A Kensington man complained to Hancock County authorities Monday morning that he was "cheated" of money while apparently gambling at the Cactus Bar on Route 30 near Chester, touching off a quiet raid of the tavern and arrest of the alleged owner.

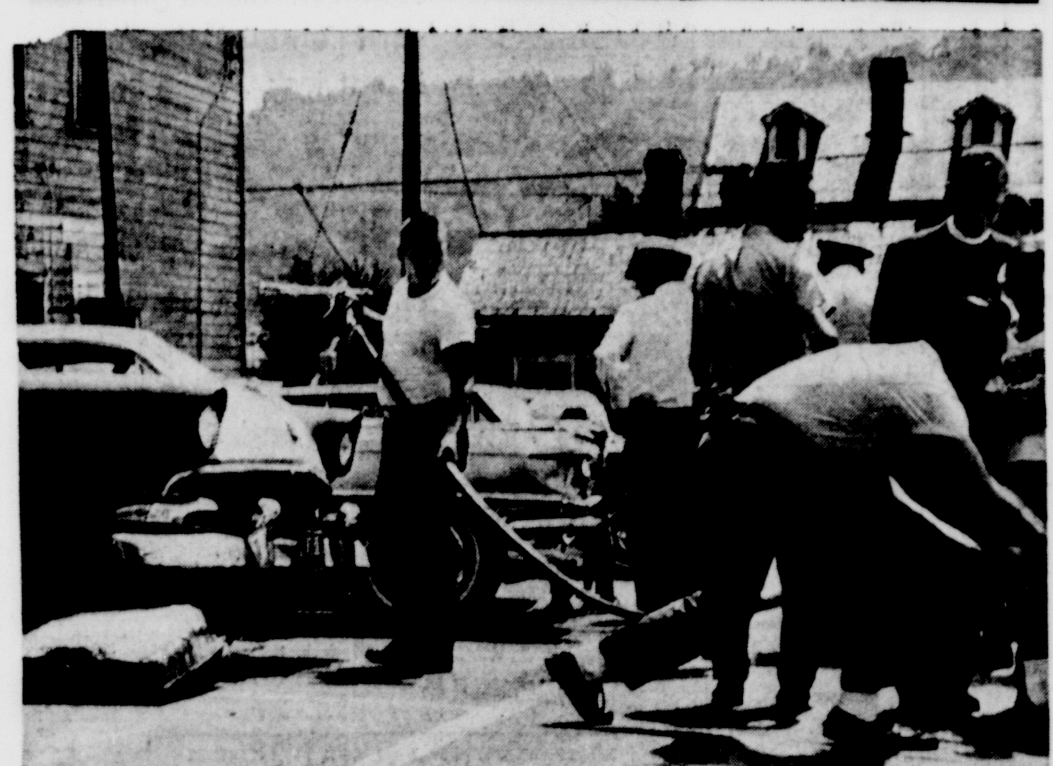

Eugene R. Miner, 36, of Kensington filed formal complaint with Squire John D. Herron of New Cumberland, and the squire issued search and seizure warrants permitting three law officers to enter the Cactus Bar where they cited William Watson on a charge of possession of gaming devices.

Squire Herron lodged Miner in the County Jail in New Cumberland under \$500 bond as a material witness, insuring his

appearance at a hearing for Watson next Tuesday afternoon at 3.

The search warrants were issued Monday morning at 10 and were executed in the afternoon by Grant District Constables Harold Davis of Chester and J. Carl Durham of Newell, and Deputy Paul R. Cowey of the office of Sheriff Joseph H. Manypenny. Davis is also police chief of Chester.

The officers executed the warrants when the tavern was closed Monday afternoon. They impounded a blackjack table, a "Beat My Shake" table, a "Sweet Sixteen" electric gaming clock, and two decks of playing cards. The assortment of equipment was hauled in a (Turn to GAMBLING, Page 3)

DOWNTOWN EXCITEMENT. While employees of the First National Bank's drive-in bank looked on, the sedan of Robert H. Jones, 62, smashed into seven other cars as it careened across E. 4th St. and into and out of the Travelers Hotel parking lot Monday afternoon. Large crowds gathered at the scene in minutes. An ambulance crew from Dawson Funeral Home removes an injured woman from her car on E. 4th St. to a waiting stretcher. City firemen flush gasoline spilled on the hotel parking lot when a fuel tank was ripped from its mooring in the flight of the Jones car. Spectators gaped at the Jones car in the alley after it shot through a rail barrier and came to rest with its rear end partially atop two parked cars. The woman was the only one hurt in the spectacular smash-up.

Blair, Vote Heads To Meet

School Board Will Seek Smaller Staff At Election

Supt. Paul H. Blair is scheduled to meet with officials of the County Election Board to learn the reasons why six workers rather than four will be used in each of the 43 precincts in the school district at a special election Sept. 15 on a \$3,380,000 bond issue for a building program.

The superintendent was asked by the Board of Education Monday night to confer with Frank R. O'Hanlon, election board clerk, after Samuel W. Brown said he could see no reason why four precinct workers couldn't man the polling places at a considerable savings to the school board in wages.

Brown said an article in The Review quoted O'Hanlon as saying the election board is permitted to use four precinct workers but had decided to use the regular six-man staff "because of the importance of the issue."

"There's only one ballot and this is a nonpartisan election," Brown pointed out, declaring the reduction in the number of workers would be a big savings in the cost of the election.

Because it is a special election, the school board must pay the entire cost with the exception of poll books. Since poll books are considered a permanent record, the election board will bear that expense.

O'Hanlon several months ago

estimated the cost of the special election might reach \$5,700. That would include wages of precinct judges and clerks, printing of ballots, rental of polling places, transportation and erection of polling booths and other incidental charges.

The question arose after the election board had requested the use of nine schools for polling places for both the special election and the Nov. 3 presidential election.

There also was some discussion on whether the school board can charge the election board a rental fee for use of school property as it does other organizations.

Checking the state law at the request of board members, Miss Kathryn Liebschner, clerk-treasurer, said the board is entitled to charge "a reasonable fee."

However, no action was taken on fees and the board authorized the election board to use Neville, Klondyke, Horace Mann, McKinley, Lincoln, Pleasant Heights, Westgate, La-Croft and Taft for polling places.

It also authorized the election board to use the Pleasant Heights building Sept. 21-23 from 11 a. m. to 3 p. m. and from 5 to 10 p. m. for voter registration.

County Airs New Codes On Plumbing

LISBON — Study of new plumbing codes for the county were completed when the Columbiana County Board of Health met Monday night. Dr. Merle Singer, the county's new health commissioner, attended his first meeting.

Charges for permits and the fees for various installations under the new codes will be set at the board's next meeting.

In other business, the board authorized another phone line into the sanitation and plumbing inspector's office at the request of Dr. Singer, who also was given permission to attend the state health commissioners' convention in Columbus Sept. 16-18.

The department issued 47 plumbing and 54 sewage permits during the month, and the board said that anyone doing plumbing work must have a permit. The property owner will be held liable if no permit is obtained.

The report of Harry Stockdale, sanitarian, showed he inspected 23 food services, 40 sewage, nine water, four plumbing, four dumps, eight nuisances, a swimming pool and a migrant workers' camp and investigated one animal bite.

Gene Cover, plumbing inspector, made 78 plumbing, 27 sewage, five water, one refuse and two nuisance inspections.

Mrs. Violet Peterson, county nurse, reported her department gave 10 immunizations, nine polio shots, one audiometric test, one bus driver's examination, examined nine foster-home children, made 28 doctor office visits and held seven consultations with school and state personnel.

Bills of \$4,002.41 were ordered paid. Felix Butch of Lisbon was the only member absent last night. Next meeting is Sept. 21.

Council Gets \$11,000 Plan

New Sewage Lift Station Slated In Heights District

The Board of Public Utilities explained to Council Monday night a proposal to build a new sewage lift station on Lisbon St., Pleasant Heights, at a cost of \$11,000.

The proposal was explained in a letter signed by W. O. Schneider, chairman of the board, which administers the city's water and sewage systems.

He said a new station is needed to prevent water backing into basements of some homes in the area of the present lift plant when the equipment becomes flooded and goes out of operation.

Schneider recalled that the board sent a similar request to Council on April 10, 1963, but no action was taken.

The present underground lift station is located on Lisbon St. opposite Fisher Park. It is hooked into the Fisher Park sanitary sewer system. The lift station was built as part of the system. It lifts some of the sewage into the main line.

Most of the Fisher Park waste flows into the main line by gravity. The lift station was constructed to serve a comparatively small area on a sump pump principle and eliminate the need for a general lowering of the trunk line to assure gravity flow.

In his letter to Council, Schneider said the original proposal to erect a new lift station was shelved because of a plan to install an overflow drain.

But he said it is necessary now to build an above ground structure and the overflow drain and relocate the motors, magnetic starting equipment, ventilators and telemetering gear.

He asked that the \$11,000 for

the cost of the project be set aside in a separate allocation known as the "Pleasant Heights Lift Station Repair Fund."

Schneider supplied this estimate on the anticipated costs: 1,000 feet of overflow line, \$2,500; new building, \$2,000; re-wiring and electric starting equipment, \$2,000; relocation of pumping equipment, \$2,000, and contingencies, \$2,500.

Council approved legislation appropriating funds for the project and authorizing the board to ask for bids and enter into a contract.

Youth Killed In Wreck As Patrol Chases Car

CIRCLEVILLE, Ohio (AP)—A car being pursued by a Highway Patrol cruiser after it was involved in a hit-skip accident swerved into a ditch on U.S. 22 two miles west of here Monday, overturned, hit a utility pole and burned, killing the driver, Arthur A. Beavan Jr., 20, of Columbus.

The patrol said Beavan's car left the scene of an accident on U.S. 23 south of Ohio 762 in which two cars were damaged.

## Death Claims Area Child, 9

Kevin R. Black, 9, son of Mr. and Mrs. Eugene J. Black of the Calcutta-Smiths Ferry Rd., died at 3:35 a. m. today at Rochester General Hospital, following a two-month illness.

He was born Sept. 20, 1954, in Salem to Eugene J. Black and Ethel Sheerer Black and spent his lifetime in this vicinity. He was a member of the Longs Run United Presbyterian Church and would have entered fifth grade at Calcutta School next month.

Besides his parents, he is survived by two brothers, Robert E. Black and Gary M. Black, and a sister, Nicole M. Black, all at home; his paternal grandparents, Mr. and Mrs. Eugene A. Black of East Liverpool; his maternal grandfather, John Sheerer of Salem, and maternal great-grandmother, Mrs. Ellen Smith of Rogers.

Services will be held Thursday at 2 p. m. at the Martin Funeral Home by the Rev. Russell Shepherd. Burial will be in Riverview Cemetery.

Friends may call Wednesday at the funeral home.

## James Flowers

James D. Flowers, 8-day-old son of Roy Flowers and Ruth Bartram Flowers of McKee St., died Monday at 9:30 a. m. at City Hospital, where he was born Aug. 9.

Services were held this afternoon at the Martin Funeral Home by the Rev. M. N. King of the Church of God, with burial in Spring Grove Cemetery.

Besides his parents, he is survived by his maternal grandmother, Mrs. Ruth Bartram; his maternal great-grandmother, Mrs. Muzetta Daugherty, paternal grandmother, Mrs. Rozena Copestick, and paternal grandparents, Mr. and Mrs. Charles Flowers, all of East Liverpool.

## Charles Brown

Services were to be held today for Charles Elmer Brown, 72, of New Matamoras R. D. 2, brother of Mrs. Bessie Shreve of Chester, who died Saturday at 10:55 p. m. at his home.

The rites were to be held at 2 p. m. at the Corum Funeral Home in New Matamoras. Burial was to be in Center Valley Cemetery.

A retired oil field worker, Mr. Brown was born in Leith, Ohio, Aug. 27, 1891, a son of Zephaniah and Mary Lee Brown. He also leaves his widow, a

daughter, two other sisters, three grandchildren and a great-grandchild.

## Mrs. William Lewis

Mrs. Lucille Lewis, wife of William Lewis, 2108 Hazel Alley, died at 2 a. m. Monday of an apparent heart attack while vacationing in Indianapolis. She was 65.

A native of the Indianapolis area, Mrs. Lewis had resided in the Midland and East Liverpool area for many years. She was a member of the First Baptist Church of Midland.

Besides her husband, she is survived by two sisters in Indianapolis.

Services will be held Thursday at 10 a. m. at the Jacob Brothers Funeral Home in Indianapolis.

## Infant Renfro

The infant daughter of Mr. and Mrs. Allen Renfro of Georgetown was stillborn at 1:51 a. m. today at City Hospital.

The Arner Funeral Home was making arrangements.

## Wellsville Couple Hurt

## When Rig Jack-knives

William Nixon, 33, of 1114 Commerce St., Wellsville, and his wife, Beverly, were injured early this morning when a tractor-trailer rig driven by the husband jack-knifed on Routes 22 and 30 about 15 miles west of Pittsburgh, according to the Carnegie Barracks of the Pennsylvania State Police.

Nixon was treated at Ohio Valley Hospital in McKees Rocks for abrasions of both arms and possible back injuries. Then he was transferred to City Hospital. Mrs. Nixon was detained at the McKees Rocks hospital for X-rays.

The rig, owned by the Wellsville Feed & Supply Co., jack-knifed as Nixon was descending a small grade, officers said. Two autos collided on the slippery road as the drivers sought to avoid the Nixon rig, officers said.

## E. 3rd St. Tract Offered City For New Parking Lot

W. Leland Thompson of Park Blvd. advised Council Monday night he will lease or sell to the city a 30-x-130-foot tract on E. 3rd St. for use as a municipally-operated parking lot.

The ground, which also fronts on Crook Alley to the west and E. Church Ln. to the north, is the site of the former B'Nai Jacob Synagogue, which Thompson explained he purchased recently for \$8,500.

He offered to sell the ground to the city for the same amount which he paid — after leveling the brick building and dumping all the rubble into the basement. Or, he said, he will lease the tract to the city for \$65 monthly after the structure has been demolished. The lease would run for five years, with an option to purchase for \$8,500 at the termination, Thompson said.

Thompson explained the property fronts 30 feet on E. 3rd St. and runs 130 feet to E. Church Ln.

He said Council may accept either the lease or purchase plan anytime prior to May 1, 1965.

If either of the offers is accepted prior to the deadline, Thompson said he will "feel free to develop the property, which expense undoubtedly would make the site too expensive to be considered for future parking planning."

## 17 More Due To Face Tax Violation Charges

Seventeen more affidavits charging violations of the city income tax ordinance will be filed this afternoon in Municipal Court, D. G. Wilkinson, tax commissioner, said today.

Fifteen of the affidavits are against persons accused of failing to file estimates of 1964 income and two are against those who failed to file a final return on 1963 earnings and a 1964 estimate, Wilkinson said.

The court will set a date for the hearings after which Bailiff Wilbert Taylor will serve summonses on the defendants. Names of the defendants are not released until after summonses are served, according to the court's policy.

## Sheriff Probes \$500

## Burglary At Middleton

LISBON — Sheriff Russell J. VanFossan is directing investigation of a safe burglary early this morning at Midway Motor Sales, Inc., on Route 7 just south of Middleton in which approximately \$500 was taken.

The sheriff said the intruders used cutting torches from the auto agency's garage to burn open the floor safe, which is about 54 inches high and 30 inches wide. The intruders entered the building by forcing a side door, he said.

Mike Mercure, owner of the agency, resides just south of the building. The burglary was discovered when the garage opened for business this morning. The sheriff's office was called at 7:53.

## Pupil Transportation To Be Aired In Rogers

Rogers Mayor Glenn Rhodes has called a special meeting of Village Council for tonight at 7:30 in the Community Hall to discuss with parents the question of pupil transportation that was raised at a meeting of the Beaver Local Board of Education Monday night.

Parents said they were advised by the school board that for lack of funds any pupil residing a mile or less from the Rogers School must walk to classes or provide his own transportation.

Pupils attending the Beaver Local upper elementary and high school buildings will be required to walk or provide their own transportation to the Rogers building, where they will be picked up by buses.

## 2 French U.N. Aides Are Killed In Congo

LEOPOLDVILLE, the Congo (AP)—Two French U.N. officials working with refugees in rebel territory in the eastern Congo were killed Monday, the United Nations announced today.

The men, Jean Plicque, 33, of the International Labor Organization, and Francois Preziosi, 43, of the U.N. High Commission for refugees, were killed while visiting a refugee camp threatened by Communist-backed rebels in Kivu Province, about 25 miles from Bukavu.

Sheriff's deputies said Miner is owner of a tavern in Kensington in Columbiana County. They related Miner claimed he was "cheated" at the Cactus Bar.

Miner reportedly asked for return of his money and was refused by Watson, deputies said. His complaint followed in Squire Herron's office.

Squire Herron for the second time remanded a complaining witness to County Jail until the hearing for a defendant.

He started the practice last year to insure presence of the complaining witness after several such cases as Monday resulted in absence of the complainant and dismissal of charges.

Squire Herron has accompanied the Oak Glen High School Band to the New York World's Fair and will not return until next week.

## Water Battle To Highlight Calcutta Fete

A water battle between volunteer firemen from the Calcutta and Liverpool Township East volunteer departments will highlight the entertainment tonight at the annual carnival of the Calcutta department.

Several hundred attended the opening night Monday. It will continue through Saturday with special entertainment each night in addition to eight rides and 11 concessions.

The entertainment scheduled the remainder of the week includes Boston's Swinging Sweethearts on Wednesday; students from Larry Meyers dance studio, Thursday; Ohio Valley Boys, radio and television performers, Friday and an exhibition by the "Shooting Sheriffs" featuring Deputy Sheriffs Ronnie Gause and Robert McAbee.

New concessions this year include the Beaver Local Key Club's "Instant Paintings" and a candy stand by the Music Parents in which proceeds will go to the band uniform fund.

Persons with donations for the auxiliary's food pavilion are asked to bring to the fire hall or call 385-2011 for transportation. Homemade pies, cakes and candy are needed.

## Private Investors Get Crucible Bond Issue

The Crucible Steel Co. was to place privately with institutional investors today an issue of \$50 million of additional mortgage bonds to supplement funds available for extensive capital improvements now under way and projected.

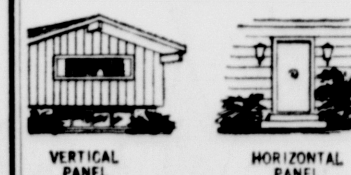

The bonds, the 5.3 per cent series due in 1989, were placed through arrangements with the First Boston Corp. Projects include the continuous casting installation announced recently for the Midland Works.

which will complete the staff. Roy Cashdollar, executive head, said.

The board also approved extra coaching assignments at the Public School. Clyde Pritchett was named to coach both eighth grade football and basketball. James Knight will be the seventh grade football coach and Pat Bonvenuto will be the seventh grade basketball coach.

Virginia Blazer, a bus driver, was granted a year's leave of absence.

The board awarded a contract to the Pioneer Insurance Co. represented by Jack Posenel of West Point, a former school board member, for insurance on school buses and fleet insurance.

The firm submitted the lowest of five bids received, asking \$1,261.06 for bus insurance and \$150.55 for fleet insurance.

The board also awarded a contract to the Acme Sales of Wellsville for an electric oven at the Rogers cafeteria on its bid of \$1,195 for the unit, including installation.

It also accepted the bids of Gordon Reynolds for purchase of a Jeep and William Sponsel, a bus driver, to buy a truck. Reynolds' offer of \$160 for the Jeep was the highest of seven offers received while Sponsel offered \$85 for the truck, the only bid received.

The board granted Mr. and Mrs. Virgil Andrews of Chester permission for their children to enroll in Beaver Local Schools. Mr. and Mrs. Andrews said they expect to move into the Calcutta area by early October and requested permission for their children to start school Sept. 9 rather than transferring a month later.

Donzel Owens was given permission to leave school at 1:40 p. m. daily to go to work.

A request from the Akron Baptist Temple to use Calcutta School as a meeting place to launch a new church in the area was refused.

On the request of Leslie Jones, a representative of the Boosters Club, the board granted permission for the club to use the football field in conjunction with its annual fall festival.

Clayton Aughinbaugh was named delegate to the Ohio School Boards Association's annual meeting Nov. 11-12 in Columbus with William Smith as alternate.

Because the next regular meeting falls on Labor Day, it was rescheduled for Sept. 8.

## Calcutta Driver Fined For Old Parking Tags

Thomas Covey Jr. of Calcutta was fined \$18 and \$7.50 costs Samuel M. Chertoff on a charge of ignoring five old parking tickets.

Covey was named in an affidavit signed by "Meter Maid"

Ruby English charging specifically that he ignored a ticket issued Aug. 23, 1963. Attached to the affidavit were four other citations which he allegedly ignored. Covey pleaded guilty.

## Time Running Out For Hoffa

This time it's 20 years and \$13,000 for James R. Hoffa.

With due credit to the ingenuity and perseverance of the legalists who watch out for him, his countrymen will withhold judgment on his two convictions. They will not believe he can be put in jail until they see him there.

Until his rights of appeal have been unsuccessful, it is still a good bet this remarkable man who never has been caught short in a legal tangle will keep his record intact. His lawyers have been unsurpassed.

Nevertheless, time is running out for Mr. Hoffa — not the 28 years he has accumulated in sentences to date but the nearly seven years he has been president of the Teamsters Union as successor to Dave Beck, who was forced out of office in October 1957 by an accumulation of suspicions and allegations.

THE BECK regime ended with the nominal consent of its leader, who subsequently was to go to jail. But the fact is Beck had to make room for his ambitious young associate.

The Select Senate Committee on Improper Labor - Management Activities already had published a 48-count indictment against Mr. Hoffa when he stepped up to the presidency of the Teamsters. It promptly added 34 more.

These were the things that caused the Senate committee's counsel, Robert F. Kennedy, to start his drive to hold Mr. Hoffa accountable for his deeds when Mr. Kennedy became attorney general of the United States.

But the thing that could force a final accounting as far as Mr. Hoffa's position in the union is concerned is the union itself.

ASIDE FROM the Beck-Hoffa leadership at the top, the Teamsters Union is different from other unions only in the fact it is the largest of all unions.

Its members do not uphold Mr. Hoffa any more staunchly than they upheld Mr. Beck, when his time ran out in 1957. It has been a something-for-something arrangement. The Hoffa leadership obtained good wages and benefits for the members, who in turn supported the Hoffa organization. But what has James R. Hoffa done for the members lately? Why should he be supported now?

A jury found him guilty on July 25 of a scheme to defraud the union pension fund. A judge has sentenced him to 20 years in prison and \$13,000 in fines.

On March 8 he was sentenced to eight years in prison and \$10,000 in fines for attempting to influence a federal jury. Time is running out.

## Here It Goes Again!

No one can blame a fighter for throwing stones in a stone quarry.

But during these early stages of stone-throwing between President Johnson and challenger Barry Goldwater, one thing should be understood.

Voters are under no obligation to forget what happened in the 1960 election when the presidential rivals discussed military strength.

The rocks they threw at each other while arguing about what challenger Kennedy called "the missile gap" hit voters hard and often. They hurt.

They bruised public confidence in the incredibly costly effort to arm the United States with operational missiles as good or better than Russia's.

Because defending officials were unable to prove anything and their critics needed only to throw doubt on what couldn't be proved, millions of Americans were left with the net impression that a missile gap must exist and that it signified their government had been piddling away public money.

When the Democratic party had been installed in the executive department, one of its first announcements said there was no missile gap. But the campaign guff had done its damage.

Like the preceding bomber gap, a scare issue had been raised to sway the minds of voters. It was nothing more than that, but it hurt confidence.

Naturally and inevitably, Republicans will try to get even in 1964. They will assert the country isn't safe under Democrats, who have let the Soviet Union steal a march on them. It will be alleged that Soviet missiles are more accurate than U.S. missiles.

Then, when the election is settled it will be revealed that this was campaign guff. Americans who have cracked up from a combination of fear and the con-

fiscatory taxation required to maintain a strong national defense will be urged to forget the whole thing.

It won't be easy. Playing politics with national defense is tricky business.

If the rivals must have an eye for an eye and a tooth for a tooth, let them swap the Republican Sherman Adams scandal for the Democratic Bobby Baker scandal. On this kind of an exchange, taxpayers have everything to gain, nothing to lose.

No one is going to stand up in church afterward and confess it was all a hoax—that Sherman Adams and Bobby Baker never existed.

## A Name For Them

Statistical pulse-feelers were overjoyed this month when they learned the unemployment rate during July had gone below 5 per cent for the first time in four years.

But at 4.9 per cent, one of every eight teen-agers in the nation seeking a job was unsuccessful. Among Negro teen-agers, one of four was unemployed.

Have the experts studied the direct relationship between unemployment and bad behavior?

Are they prepared to tell Americans that what is referred to as "juvenile delinquency" is frequently "juvenile uselessness"?

In big cities, particularly, idle hands find mischief. Theorists generate ideas about what should be done faster than their theories can be comprehended. But the inescapable fact is that nothing beats a job.

Juvenile delinquents are the youthful idle. If called by their right name, the problem they confront society with would be easier to understand.

and future ahead and may best of health and prosperity accompany you and your always."

Al Walther and I are not laughing at Herr Riethenauer but with him about his letter. Both of us know what a mess we would make of German if we ever tried to compose a letter in it.

We couldn't even try. Not German, not French, Italian, Russian, Swedish, or Swahili. Our lingual capacity is taxed by everyday English.

All over the world, people are grappling with English, not always adroitly but successfully enough to make themselves understood. And many are now speaking better English than those of us who never have spoken anything else. We're linguistically lazy.

The picture Herr Riethenauer requested is going to be sent. He remembered. That's all there is left for old prizefighters—a few people who remember.

If the letter had come in pidgin English, my boxfighter friend would have figured out that 40 years after the climax of his fight career a boxing bug in German still wanted an autographed picture.

## The Attack Still Goes On At Anzio

By Victor Riesel

ANZIO, ITALY

Now the signs say "Anzio, the Riviera of Rome, Fifty Restaurants, Twenty Hotels." But if you look for it, up the road from the point where the GI's hit the beach, you still can find the sign pointing to the American Cemetery.

There the lads sleep gently under thousands of white crosses and Stars of David — not too far from the critical politics of Rome made turbulent by the ever-pressing Communists.

Only the Communists desecrate the memory of those who were killed over on the sands and rocks of the beach hit on Jan. 22, 1944.

Today, 71-year-old Togliatti and his Communist presidium are still on the attack — less violent now but still giving it the whole of their lives.

A SOFT SELL is needed in the battle against the U. S. and a soft sell it is. Nothing is overlooked. Many profound analyses overlook the reasons for the Communist party's success here — organization and the ability to get at the simple wants of the people.

Just look at the party's operation which is so rarely described. It supplies everything from rock and roll singers to manure for fertilizer.

The party runs "festivals" to support its daily paper, L'Unita. Big name orchestras are hired. Top singers are brought in. The galas are run in the public squares of the big cities. Everybody has a great time. And everybody is expected to subscribe to L'Unita and buy Communist literature.

Mobile bookstores on trucks are rolled to the edge of the square. One side of the truck is opened. Marxist books are put on sale after the rock and roll. Sometimes there is no music, just big rallies and speeches in the piazzas to which the folks are brought in big buses from the small towns. They get red paper hats and ice cream — and Communist literature. Then they are taken back. They've had a day in the big city. Also indoctrination.

GRIN AND BEAR IT

"Many moons have passed and our lawsuits against white man still drag on! . . . Why don't we write off the entire country as a tax loss?"

THERE'S ANOTHER operation — on an international basis. This is aimed at the half-million Italians now working in France, Germany and Switzerland. Many of these people are homesick. But they don't have the money for a trip to the old home town and the families they left behind. So the Communists bombard the half-million workers outside of Italy with Italian language broadcasts from East Germany.

The propaganda tells them the communist party is their friend. At election time, the workers are told where to make contact with Communist party units if the workers want to get home for a few days. Once the contact is made, the Communist pay the workers' fare to the Italian border.

Under Italian law the government is obliged to provide round-trip fare from any point inside the country to any citizen who wants to get to his home town to vote. So the Italian worker, with the aid of the Communists, gets home for nothing, spends a few days with his people, is given the usual cheese-and-beer treatment at the local Communist club, votes for the party and gets back to his job in Western Europe. Thousands of needed votes are rounded up that way. It takes money. But the party has plenty.

AND THEN there are the powerful Communist-controlled cooperatives. Italian farmers with small plots find it difficult

to run their property profitably. So they join the Communist co-operatives. Then everything is cared for — seeds are supplied, fertilizer is provided, farm implements as well as tractors marketed.

But the "co-op" member had better vote right — or rather left. If he does not subscribe to the party publications, donate to the party causes and vote for the party candidates, he finds himself out of the cooperative.

The party never lets up. I drove out to the beach the other day and was shown party activists in action. They run beach parties to sell L'Unita on the sand. Nothing is overlooked.

Thus, when the word goes out, the party faithful respond. That why recently the Communists were able to run 1,500 rallies in one day. That's why they have 166 members in the Chamber of Deputies.

THAT'S WHY the Communist party's membership has risen from 400,000 in 1949 to 1.6 million today. This is down from a peak of 2.2 million. But the fact that the party has been able to retain such a massive hard core during the recent "Miracle" prosperous years is a sign of its terrific strength.

And at the heart of all its propaganda appeals is a constant attack on the United States — from whose shores came the men who freed Italy, so many of whom lie in eternity under the white crosses and Stars of David.

## The Viet Nam Picture

By James Marlow

WASHINGTON

The Viet Nam picture is just as murky and baffling as ever, with peace no nearer and the new leadership doing what the old leadership did almost a year ago on a road that ruined it.

On Aug. 21, 1963 the then President Ngo Dinh Diem, neck-deep in trouble with Buddhists in his own South Viet Nam and Red guerrillas from North Viet Nam, tightened his control by proclaiming a state of siege.

Diem's effort to strengthen his grip didn't work. His generals got fed up with him. In an army coup which seized the government last Nov. 1 Diem and his brother, Ngo Dinh Nhu, were killed.

The new government became the revolutionary council of officers headed by Gen. Duong Van Minh — Big Minh — who was such a poor administrator that the country slid from bad to worse.

There was another military coup on Jan. 30, 1964, this one led by Maj. Gen. Nguyen Khanh, 36, who had been in on the November coup, but late. So Khanh's military junta took over from Minh's military junta.

As the months passed more American lives were lost in Viet Nam. There was talk that Khanh was in trouble and his regime shaky. Then, in the midst of the big excitement two weeks ago, he moved like Diem to strengthen himself.

The excitement began when Red PT boats from North Viet Nam attacked two U. S. ships. American carrier-based planes destroyed or damaged about 25 North Vietnamese PT boats. Four PT boat bases and an oil depot were damaged.

While the Western world wondered what the Communists would do now, Khanh did something himself on Aug. 7. Like Diem of a year before he declared a state of emergency throughout South Viet Nam.

The announced intention of all this was to strengthen South Viet Nam against the Reds. It also strengthened Khanh's hold on his job.

Then Sunday his leaders of the armed forces elected him president and voted a new constitution.

This may have opened the door to greater participation by American military advisers in decisions against the guerrillas. But it also may be the preliminary to a new military coup throwing Khanh out.

# The Important Thing

By David Lawrence

## Use Of Nuclear Weapons Discussed Again

The most conspicuous example of a misunderstood issue in the political campaign today involves an implication that Sen. Goldwater

wants the various military commanders in the field to be permitted to use all kinds of nuclear weapons at will.

The Arizona senator, how- David Lawrence ever, in all his statements has referred only to use of tactical nuclear weapons abroad. He has repeatedly said that discretion to use these, in the event of an enemy attack, should be given, not to all field generals, but solely to the supreme commander of NATO forces in Europe, who is usually an American.

Administration spokesman, on the other hand, insist that at all times the president alone should make the decision as to whether any sort of nuclear weapon is to be used, even in retaliation after an enemy attack.

To get at the pros and cons of this military issue, Gen. Max S. Johnson, U. S. Army retired, who for many years was the head of the Army War College and at present is military analyst for "U. S. News & World Report," has just made a special study.

IT'S PRESENTED in a lengthy article in this week's issue of the magazine. Excerpts follow:

"The weapons involved are those developed in recent years for use in combat by the army and the tactical air forces. Most of the army weapons are equipped with relatively small nuclear warheads and have a relatively short range — usually only a few miles . . . These weapons are nuclear-age 'follow-ons' to older, traditional artillery, howitzers, and larger mortars. Yet they all use nuclear ammunition. So their use, conceivably, could trigger a nuclear war, and lead into rapid 'escalation' to general nuclear war. Hence the firm control over their use thus far, with presidential release required before they can be fired in wartime. . . .

"There is, unfortunately, an almost infinite variety of ways in which a war could start on the European continent. If the Russians were simply to unleash a general nuclear attack, strategic and tactical, upon Western Europe and the United States, then a decision to retaliate in kind presumably would reach the defending troops promptly. But the problem may not be this simple.

"The problem would be of a different order, for example, if the Russians should launch a land assault on Western Europe supported only by tactical nuclear weapons, while holding off on the use of strategic weapons. It would be even more difficult if they should launch a conventional attack only, perhaps with an announcement that Red forces would not employ nuclear weapons as long

as the West refrained from using them.

"AT THAT POINT, if NATO's defending forces were unable to match the enemy in conventional strength, someone would have to make the decision whether to resort to nuclear weapons in an effort to stop the incursion, or else retreat or surrender. But what circumstances, when and where, would determine the decision? And by whom should this decision be made? By a military commander at some echelon or other? By the President? By some executive agent for NATO, charged with making that decision? . . .

"Against a conventional attack, U. S. Army tests in Europe indicate that it would not be necessary to fire nuclear weapons within five minutes, to insure the integrity of NATO forces and of their key defensive positions . . .

"But a decision on whether to use tactical nuclear arms may very well have to be made within two hours. And since it may take a command upward of two hours to ready itself against the hazardous effects of its own nuclear weapons — let alone the enemy's response — this may well entail getting release to fire very shortly after an enemy attack starts.

"The further the local commander must go up the chain of command to get his release to fire, the more the safety of his command or his mission is in jeopardy, as a practical matter.

"BROAD GUIDELINES have been worked out by NATO for the employment of nuclear weapons that can and cannot be used. Right now, everyone wants as little uncertainty as possible — the civilians because they do not wholly trust the military, and the military because they want the responsibility to rest on the political leadership . . .

"Control of most of NATO's nuclear weapons by civilians back in Washington, on the other hand, involves a built-in time lag in making the decision — a lag that could be dangerous under some conditions, very hazardous in others.

"In addition, control from Washington is unsatisfactory for the rest of NATO. And yet, at present, it is the president of the U. S. who has the final say on the release of all tactical nuclear weapons in NATO, since they are U. S. weapons and our law requires their control by the president."

"This is a controversy of grave importance to the safety of the Western World — far more realistic than might appear from the recent tendency to confine the issue solely to a question of impetuosity or restraint by an American president.

Actually, what's more important is that the Western World should be able to respond instantly to any attack and thus, by making known the procedure to the whole world, emphasize not only the deterrent power of the West but its preparedness to use all weapons — including nuclear — against Communist attacks.

## Down Through The Years

THIRTY YEARS AGO — Mr. and Mrs. Harry E. Maraden and daughter of Lisbon spent two weeks in the Allegheny Mountains.

Mildred McLaughlin of East Liverpool was named a teacher in the industry school for the 1934-35 term.

TWENTY YEARS AGO—Miss Annette Wehner of Carolina Ave., Chester, was graduated with a bachelor of science de-

gree in secretarial science from the Carnegie Institute of Technology in Pittsburgh.

Perry Heckel was named commander of Wellsville American Legion Post 70.

TEN YEARS AGO — Mr. and Mrs. Earl Graham of Shippingport returned from a vacation in Miami, Fla.

## The Burgers

An enterprising chef at the St. Louis World's Fair of 1904 introduced a new delicacy: beef chopped, broiled and served on a bun.

The cook's name is lost to history, but not his invention—the hamburger. A national institution along with baseball and bubble gum, the hamburger is enjoyed at the rate of some 21 billion a year or an average of 110 for every man, woman and child.

Chopped beef, on or off its bun, is a versatile, year-round favorite, the National Geographic Society says. It is slapped into patties, rolled in balls, molded into loaves, stuffed in leaves, floated in soup, fried, broiled, barbecued, braised, and served on brochette.

In addition to the familiar hamburger and cheeseburger, there are such exotic derivatives as pizzaburgers, pickleburgers, bagelburgers, banana-burgers, wineburgers, nutburgers, onionburgers, soybeanburgers, lobsterburgers, Texas-California, and Danishburgers. In

fact, almost any food that can be chopped and cooked will sooner or later turn up on a menu as a 'burger.'

In Washington, D. C., to publicize a theatrical production, a bakery and meat company realized a hungry boy's dream recently when they combined talents to produce the world's largest hamburger: 20 pounds of beef, 5 pounds of tomatoes, 10 heads of lettuce, a gallon of mustard, and 5 pounds of onions. The roll was 12 feet around.

Mr. and Mrs. Carl Nickle and daughter, Jane, have returned after vacationing a week in New York State and Vermont and visiting Earl Nickle and family of Massillon.

## Board Names 18 Teachers And Principal

(Continued from Page 1)

Horger Mayes; high school biology teacher; Reynold Peduzzi, high school teacher and wrestling coach; Dave Hutton, junior high teacher and assistant football coach, and Mrs. Joie McCutcheon, elementary teacher.

A leave of absence was granted Mrs. Ruth Okazaki.

Supt. Paul H. Blair said the schools still need an industrial drafting teacher for the high school and an elementary vocal music instructor.

Rental of a key punch typewriter and dictaphone equipment for the commercial department in the high school also was authorized by the board.

Blair said funds do not permit purchase of the equipment and International Business Machines is the only company offering a rental plan with an option to purchase at the end of a year. Rental fees would be applied toward the cost.

THE KEY PUNCH typewriter used in data processing is needed for commercial students to keep abreast of the field. If key punch training had been available, three graduates could have been placed at the Midland Works of Crucible Steel Co. this spring, the superintendent said.

The typewriter costs \$328.50 and the rental fee, including service and insurance charges, would be \$12.63 a month.

The best dictaphone equipment to meet the needs is the basic unit including an earphone and foot pedal. It costs \$425 with a rental fee of \$13.35 monthly. Additional earphones can be added for up to 20 students at a cost of \$25 per student, he explained.

The board also approved use of school facilities by six groups. The Band and Orchestra Mothers were authorized to use Memorial Auditorium on Sept. 23 for a teen-age style show with custodial fees only to be charged. Carnegie Public Library was granted permission to use Westgate auditorium for a film for members of the Reading Club on Sept. 26 at no charge.

THE QUOTA Club was authorized to use Westgate auditorium on Sept. 15 and Oct. 6, 13, 20 and 27 for a travel and adventure series to raise funds for its speech and hearing clinics. Because of the club's work through the clinic, the board agreed that only custodial fees will be charged on Sept. 15. A fee of \$50 a night plus any custodial charges was set for the October dates, a reduction of \$200 in the normal fee for a commercial event.

The New Hope Baptist Church was authorized to use East Junior High gym on Oct. 11 for a church benefit. Smith & Phillips Co. rented Westgate auditorium on Oct. 16 for an organ concert at a fee of \$100 plus custodial fees.

The Junior Chamber of Commerce was given permission to use the M-A for a wrestling show on Sept. 11 at a fee of \$100 plus custodial expenses and a provision that it will be responsible for any damage to the newly-refinished floor.

## Osteopathic Hospital Treats 3 In Mishaps

Three minor emergency cases were treated at the Osteopathic Hospital Monday.

Mrs. Hazelen Carter of Wellsville R. D. 1 suffered a puncture wound of the left foot when she stepped on a nail.

John Garver, 7, son of Mr. and Mrs. John Garver of LaCroft, received lacerations when he fell from a swing while playing, and William Arthur Wilson of R. D. 3 received sprains and bruises of the left shoulder when shoved against a stall by a cow.

## Mr., Mrs. David A. Yanni Establish Hill Blvd. Home

Mr. and Mrs. David A. Yanni, newlyweds, are residing on Hill Blvd. following a honeymoon in the Pocono Mountains. Mrs. Yanni is the former Miss Nancy Lee Payton, daughter of Mrs. Kathryn G. Wyand, 312 Drury Ln., and her husband is the son of Frank Yanni, 735 Hill Blvd.

The double ring ceremony was performed the morning of July 18 at 10 o'clock during a Nuptial Mass at St. Aloysius Catholic Church by Fr. Carl Nicolay.

The altar was decorated with basket arrangements of gladioli, carnations, ferns and palms. White bows marked the family pews. The bride placed a bouquet of white carnations at the altar of the Blessed Mother.

Music was presented by Mr. and Mrs. James O'Reilly.

The bride, given in marriage by her brother-in-law, Virgil Deemer, was attired in a traditional white Chantilly lace gown with a fitted bodice and a full length hoop skirt with a full bustle in the back gathered with satin bows. The removable lace jacket was styled with long tapering sleeves and a scoop neckline. A miniature crown of crystals and pearls held her elbow-length veil of silk illusion.

The mothers of the principals wore beige lace dresses with lime green accessories complemented by white orchid corsages.

Anthony Yanni, cousin of the bridegroom, was best man. Richard Pierson and Leonard Yanni were ushers.

A reception followed the ceremony in the Elks Lodge ballroom. Music was provided by Benny and the Keynotes. Aides were Mrs. James Welch, Mrs. Paul Allman, Mrs. Richard Weaver, Mrs. Michael Gerace Jr., Mrs. Clark McCoy, Charles Morill and Robert Milby.

The bride is a 1962 graduate of East Liverpool High School and is employed in Beaver Falls. Her husband is a 1957 graduate of the same high school and is a clerk at Seafides Market.

For traveling, the bride chose a pink and white jersey suit with white accessories and wore the orchids from her bouquet.

Current activities were reported when the East Liverpool SPEBSQSA Chapter met Monday night at the Elks Club ballroom.

Sam Wolfe, president, spoke on the meeting of the Johnny Appleseed District Area Chorus held recently in Salem.

A report of the annual concert of the Youngstown Chapter was given by Dean Manning, who said the Pittsburghers was the guest quartet.

Guests introduced were James Starkey of Ansonia, Conn., former member and resident of Salineville, and Victor Durrell.

Don Schussler directed the singing in the absence of Glenn Woods, director, who is on vacation.

Next session is Monday.

## In Council Session

## Study Due For 6 Through Streets

Council asked its street committee Monday night to investigate a proposal to make through streets of six principal East End thoroughfares by removal of stop signs at various intersections.

Councilman Floyd Murray, street committee chairman, said Safety - Service Director Robert E. Vodrey proposed making through streets of Globe, Holliday and Etruria Sts. Murray said he feels the list also should include St. George St. and Ohio and Michigan Aves.

COUNCILMEN made no comment on the proposal, but asked Murray's committee to make a study.

Reporting for the franchise committee, Councilman James Cunningham related data on a meeting held about two weeks ago with operators of the city's two bus lines — Inter - City Transit Co. and Tri - State Transit Co.

Cunningham said the committee discussed with the operators a complaint that a Pleasant Heights bus did not make its 3:30 p. m. run on a particular date in July, but made a trip on the St. Clair Ave. line instead.

The discussion revealed that the firm normally operates two buses to serve the two lines, but on the date in question the Pleasant Heights bus broke down, he said. The Grandview bus made its usual run at 3:30 and the Pleasant Heights passengers then were picked up at 4, he said.

CUNNINGHAM said the committee could find no foundation for complaints that the buses sometimes leave the Diamond before the scheduled departure time, stranding passengers. He said the complaint apparently originated from the fact that "no two watches have the same time."

"If we checked 10 watches in this room right now, I'll bet we would find 10 different times," he said.

Cunningham said the bus operators were asked to cut down lay-over time on the Diamond to eliminate a complaint of fumes from the vehicles' motors.

"We asked the drivers not to lay over more than five minutes, if possible, by adjusting their arrival times," he said. "We found that the motors are difficult to start when they're turned off and therefore they're allowed to idle during lay-overs."

Cunningham said the bus operators filed a complaint of their own — alleging that trucks and cars sometimes park in bus stops. He asked the police department to check closely to curb the violations.

COUNCILMAN Norman Bucher, reporting for the ordinance committee, pointed out that stores are scheduled to skip Wednesday noon closings in the future, effective this week, and remain open until 5 p. m. He said as a result it may be necessary to alter the parking meter ordinance so that violators can be tagged.

However, Section 483 of the City Code, establishing hours for operation of the meters, does not exempt Wednesday afternoons, so no change evidently will be necessary. A policy against enforcement on Wednesday afternoons grew up out of custom, not through the wording of the ordinance.

Council also approved a motion by Bucher designating Council as a committee of the whole to take advantage of any federal aid available to East Liverpool under the federal "war on poverty act."

Bucher said he has been in correspondence on the proposed law with Sargent Shriver, head of the program, and Rep. Wayne L. Hays, 18th District congressman. Bucher said the city should not overlook any opportunities afforded under the law to provide employment or civic improvements.

COUNCIL gave its official approval to the city budget estimating the city's general fund needs at \$649,316 for 1965. A public hearing on the figures was held July 25 at the office of Auditor Lawrence J. Zollinger. The general fund this year will total \$673,916. The figures will be forwarded to the County Budget Commission at Lisbon.

Council also approved a revised version of a resolution submitting a 70-hundredths of a mill levy for a vote at the Nov. 3 general election for maintenance of City Hospital.

The amount sought in the levy renewal was cut by 5 hundredths

of a mill because of the recent boost in the city's tax duplicate. It still will provide the same amount of money annually — about \$30,000.

Mayor Merrill D. Hall asked Council in a letter to create the post of truck driver - utility man to replace George F. one, who was appointed City Hall custodian. F. one operated a truck for Fred Kane, city electrician. Council filed the letter without comment.

Councilman William Davis asked Vodrey to investigate the need for a fire hydrant on Logan St., Pleasant Heights. He said there now is no hydrant in the area. He also said a new hydrant is needed on Dresden Ave. at Trentvale St. A fire plug there knocked down in a traffic mishap has not been replaced, Davis said.

COUNCILMAN Robert W. Sample, chairman, said the finance committee has received a letter from Bailiff Wilbert P. Taylor of Municipal Court asking an increase in his monthly car allowance. Sample's committee was asked to investigate.

Council met in a caucus session for about 45 minutes with three representatives of the Pennsylvania Railroad Co. to discuss the carrier's request for permission to install automatic guard gates and blinker signals at the Mulberry St. crossing.

Council asked the conference with the Pennsy officials after it received a petition in July in which 92 residents of the East End neighborhood asked that the manually - operated gates be retained. Because of the large number of children that use the crossing on foot, a watchman offers more of a safeguard than automatic gates, they argued.

The East End residents also complained that the Pennsy's trains whistle excessively and exceed the speed limit in the area.

THE PENNSY officials argued that automatic gates are more "fool-proof" than the manually-operated type. Councilmen reiterated the request to retain the watchman. As the discussion ended, Murray, president pro tem, said the railroad's arguments will be "taken under advisement."

Murray said protection also is needed for the Myrtle St. and Walters St. crossings in East End. They are the only East Liverpool crossings not served by blinker signals, he said.

The Pennsy officials also were asked about several promises to repair East Liverpool crossings. They said they will check to find how the delay resulted.

THE PENNSY officials denied "excessive" whistling by trains and said engineers are following rules of the Interstate Commerce Commission and the Public Utilities Commission. If there's a long series of short blasts, it is an "emergency" signal that means a car or a pedestrian is on the tracks, they said.

Replying to the complaints of speeding, they said the speed of trains is timed regularly. Such a check is scheduled in East Liverpool today, they said, and invited the councilmen as observers.

Two bills against the city were referred to the claims committee.

Beatrice Allison, 225 W. 7th St., asked \$35. She said a city sewer became clogged, halting the flow from the line in her home. But the stoppage in the city main was not discovered until after she had incurred a bill for plumbing service, she said.

GEORGE M. Miller of Glenmoor filed a claim for \$52.47, alleging the A-frame of his auto was broken and a tire was cut when the car hit a deep hole in the pavement July 13 at the former junction between the Free-way and Dresden Ave.

The meeting opened with invocation by the Rev. S. H. Estel of the Oakland Free Methodist Church. Murray presided in place of President George E. Willshaw, who is on vacation.

**Man Killed, Brother Hurt When Hit By Car**

MONTICELLO, Ind. (AP)—An Ohio man was killed and his brother injured Monday night when struck by a car whose driver police charged with driving under the influence of alcohol.

Killed was Clifford T. Rotruck, 57, Akron, Ohio. His brother, Stanley Rotruck, 38, Fort Wayne, was hospitalized here.

## Mishap Hurts Boy On Cycle

A 10-year-old East End youngster escaped with two skinned elbows when his bicycle was struck by a truck Monday afternoon.

Michael Renner, 916 St. George St., went to his home following the accident at 1:36 p. m. at Railroad and Belek Sts. involving a truck operated by Harry Shields, 56, of 849 St. George St.

Shields told police he was driving west on Railroad St. when the bicycle crossed in front of his truck. He applied his brakes but was unable to avoid hitting the bike, knocking young Renner to the ground.

The youngster got back on his bike and rode away without saying whether or not he was injured, Shields told police.

Police said the youngster told them he was going north on Belek and saw the approaching truck and applied his brakes. The bicycle began skidding and at the same time the truck hit the bike, he told officers.

A collision Monday at 11:35 a. m. at W. 5th and Jackson Sts. involved a 1948 model truck operated by Richard A. Crouse, 40, of Wooster Ave. and a 1962 model imported compact driven by James L. Merriman, 23, of Wells Ave., Wellsville, police said. There was damage to the bumper and right front fender of the truck and the right side of the auto, officers said.

## Bike Mishaps Hurt Children

Two district youngsters injured in bicycle mishaps were among five treated at City Hospital Monday afternoon and night.

Linda Morris, 11, daughter of Robert Morris of Substation, was treated at 9 p. m. for two lacerations of the left forearm and abrasions of the left knee and chin which she suffered in a fall from a bicycle.

Also hurt in a fall from a bicycle, Phillip Watson, 6, son of Charles Watson of 7th Ave., La-Croft, was treated at 8:15 p. m. for lacerations of the forehead.

Shonnie Chafins, 3, son of Nathan Chafins of Lisbon R. D. 3, had a fishhook removed from his left foot at 1:30 p. m.

Paul Caton, 16, son of Charles Caton, 1962 Lisbon St., was treated at 7 p. m. for a laceration of the arch of the left foot which he suffered when he fell while playing and bumped a metal pipe.

John Yaker, 16, of N. Surry Rd., Fisher Park, was treated at 11:20 p. m. for a possible fractured nose suffered while wrestling.

## Speeder Forfeits \$15

LISBON — Howard Temple, 41, of Lisbon R. D. 3 forfeited a \$15 appearance bond Monday night in Mayor Dean Stockman's court on charges of speeding. He was cited Thursday by village police.

## Baby's Bottle Wielded As Weapon By Mother

An East Liverpool housewife wielded a baby's bottle as a weapon in a domestic dispute early today, sending her husband to City Hospital with head injuries.

Robert D. Robinson, 36, of

325 Blakeley St., was treated at 12:16 a. m. for facial lacerations and abrasions. He told police he was struck by his wife in an argument.

Patrolman Howard Bosworth, dispatched to investigate a report of a fight at the Blakeley of West Mansfield—were among a group of postmaster nominations submitted to the Senate Monday by President Johnson.

Whitey Ford's patented move to first base was deadlier than ever — but the Yankees wound up getting picked off and it cost them a length in the American League pennant derby.  
The defending AL champs dropped a 2-1 cliff-hanger to the Chicago White Sox Monday night in the opener of a vital

four-game series and it was a foul-up on Ford's seventh inning pickoff bid that set up the deciding run.  
New York's southpaw ace, making his second relief appearance since an ailing hip knocked him out of the starting rotation, had choked off a White Sox rally in the sixth with a pair of strikeouts.  
He walked Floyd Robinson with one out in the seventh, then caught him leaning with a quick flip to first baseman Joe Pepitone. But Robinson escaped the ensuing rundown and reached second when Bobby Richardson dropped the ball for an error. Pete Ward followed with a run-scoring single that pushed Chicago in front 2-0.

Chris Short is being hidden by Sandy Koufax's shadow. Still, it's a giant step forward for a guy who last year led the Philadelphia pitching staff in only one department — wild pitches.  
Short pitched a five-hitter Monday night, posting his 12th victory and lowering his earned run average to a brilliant 1.91, as the Phillies stretched their National League lead to five games over San Francisco by walloping the Chicago Cubs 8-1.  
Short's emergence as a big winner for the Phillies — he's only one victory behind Jim (Perfect Game) Bunning for the team lead — can largely be credited to the patience of Manager Gene Mauch. And the Phillies emergence as a leading

pennant contender can largely be credited to Short.  
A 6-foot-4 left-hander who comes in at just under 200 pounds, Short showed considerably promise in 1962 when he posted an 11-9 record. Then, last season, he lost his first eight decisions. Mauch, however, stayed with him and he responded with a 9-4 mark in the second half.  
This season, he's been one of the top left-handers in the league, but has been overshadowed by Koufax's brilliant work for Los Angeles. Short has hit the 12-victory mark for the first time in his major league career and is second only to Koufax among NL starters in the vital ERA department.  
Short's victory gave the Phillies their biggest bulge of the season over the Giants, who were idle.  
Only two other games were scheduled in the NL Monday. Charlie Smith hit two homers and Dennis Ribant pitched a four-hitter as the New York Mets whipped Pittsburgh 5-0 and St. Louis make the most of two errors by Houston, scored three runs in the ninth inning and defeated the Colts 3-1.  
Short, who has lost six games, was touched for a run in the

cracked a three-run homer in the first inning off Bob Vale and added a solo shot in the eighth, taking the Mets' team lead with 15 homers.  
Ribant, meanwhile, won his first major league game in his second start, striking out 10 and allowing the Pirates only four singles.  
The Cardinals, shut out on six hits by 39-year-old Hal Brown for eight innings, scored all their runs with the aid of ninth inning errors by Eddie Kasko and Al Spangler. Dick Groat and Mike Shannon each singled home a run and Julian Javier's grounder got the other across.  
Walt Bond had provided Houston's run with a sixth inning homer off Roger Craig, who allowed only three hits before leaving for a pinch hitter in the eighth.

Devine Out As Cards' GM In Front Office Changes

By MIKE RECHT  
Associated Press Sports Writer  
ST. LOUIS (AP) — The front office of the St. Louis Cardinals, reportedly the target of sweeping changes, received a double-barreled jolt Monday.  
General Manager Bing Devine confirmed his resignation and Bob Howsam, former general manager of Denver in the American Association, is his apparent replacement.  
More important, 82-year-old Branch Rickey, hired as special consultant 18 months ago, appears to be calling the shots.  
Shortly after Rickey joined the club, he and Devine had a "misunderstanding" over the division of authority. Rickey reportedly wanted to retire Stan Musial but Cardinal owner August Busch Jr., sided with Devine and rejected such a move.  
Rickey and Devine patched up their differences, at least temporarily, and Musial retired the following year.  
A story by the St. Louis Globe-Democrat Sports Editor Bob Burnes, quoting "an unimpeachable source" outside the Cardinal organization said Rickey recently recommended

sweeping front office changes and the hiring of Howsam. He apparently caught Busch's ear. Busch was unavailable for comment.  
Stepping out with Devine was business manager Art Rutzong, 52. The Cardinals announced late in the day Howsam would replace Rutzong immediately.  
But the Globe-Democrat's story said Howsam, who had been out of baseball for several years, was given the post temporarily to "learn the ropes" and then would be promoted to general manager.  
Howsam, 46, would neither confirm nor deny such changes. Devine, 47, who said he would remain with the Cardinals "until at least near the end of the season," confirmed his decision with "emotion and regret."  
He said he was stepping down after 25 years with the Cardinals because Busch was "disappointed and frustrated" with the team's inability to win a pennant. The last Redbird flag came in 1946. Devine became general manager in 1957.  
The Cardinals, rated a strong contender for the pennant in

pre-season polls, were in fifth place Monday, nine games behind league-leading Philadelphia.  
**Chargers Loan Back To Oakland Of AFL**  
JONESBORO, Ark. (AP) — San Diego Charger Coach Sid Gillman announced Monday that the American Football League champions had loaned fullback Bobby Jackson to Oakland of the AFL.  
Gillman did not say how long Jackson would be with the Raiders, nor what the Chargers got in return.  
Rookie linebacker J.R. Williams left the squad for personal reasons. Williams is from Fresno State. His home is Bakersfield, Calif.  
The Chargers are training for two weeks on the Arkansas State College campus here.

Wellsville Notches 5-1 League Win

Jim Potts pitched and batted Wellsville to a 5-1 victory over Irondele in a Tri-County League contest Monday at Wellsville.  
Hurling a six - hitter and fanning seven batters, Potts drove in two runs in the third inning with a single.  
Roger Ours collected two hits for Wellsville and Larry Baughman doubled.  
D. Fraley was the losing pitcher allowing five hits while Warden stroked two singles for the losers.  
The victory gives Wellsville a 19-7 record. The Wellsville nine will close out its season Sunday by hosting Bergholtz.

Coasting along with a 6-1 lead, the roof fell in on the Dentists as the Realtors scored 10 runs in the last three innings for an 11-6 victory which gave them the 1964 Colt League playoff championship.  
The Realtors scored one run in the opening frame Monday but the Dentists came back to tally two runs in the second, third and fourth innings for the 6-1 margin.  
The champions went to work and tallied three times in the fifth then put the game out of reach with a seven - run sixth inning.  
The Dentists outthit their rivals, 10-8, but committed five errors in losing the championship contest.

Vet Glass Takes Lead In Playoff

Veteran Plate Glass was one game up on Burbick's in the playoff series for the city's Little League championship after taking a 5-1 decision Monday at Thompson Park.  
The second game between these two teams will be played today at 6 p. m. and the third contest, if necessary, on Thursday.  
A four-run fourth inning clinched the contest for Veteran Glass. Joe Walker, who was the winning pitcher, belted a line drive home run over the centerfield fence to get things started in the fourth.  
Haney and Watson walked and Randy McVay tripled to center scoring both runners and came home as the throw from center went wild.  
Bill McHenry singled home Douglas for Burbick's lone run in the bottom of the fourth.  
Walker gave up three hits while Staley the loser allowed

# Survey Indicates Pro Football In For Biggest Year

NEW YORK (AP) — The Washington Redskins, sixth in the Eastern division of the National Football League last year, lost their first exhibition game this season. The next day they sold 1,000 season tickets.

"I guess people suddenly realized the football season is here," a club official said.

Two years ago the New York Jets of the American Football League, then known as the Titans, had to walk home from practice because the fellow who drove the team bus hadn't been paid.

"This year we have sold 15,000 season tickets," a team offi-

cial said. "We have more money in the bank than we took in all last year."

So goes the pro football boom, and an Associated Press survey shows that this season will be the biggest ever.

The two pro leagues, already bolstered by fabulous television contracts, undoubtedly will set gate records almost everywhere.

In six NFL cities, every game will sell out. Three more will be close to capacity every Sunday. Things are looking up in the other five.

The AFL has hotbeds of interest in Buffalo, Boston, Houston

and San Diego, and a new live one in New York. Denver, Oakland and Kansas City are also promoting their clubs vigorously.

Here is a rundown by leagues:

**NFL (East)**

New York Giants stopped season ticket sales at \$7,000, and will have usual seven sellouts of 62,700. Also will show home games in three theaters via closed circuit television. Motels beyond television blackout area thriving.

Philadelphia Eagles expect 48,000 season tickets and seven sellouts of 61,700, as usual. Bal-

timore has 50,000 season tickets sold, and will sellout all games at 60,065-seat Memorial Stadium.

Washington Redskins, up 6,000 season sales to 29,000, expect near capacity of 50,000 at all games. Cleveland Browns expect 30,000 season tickets and will be near to 80,000 capacity for all games. Exhibition doubleheader Sept. 5 is sold out.

Pittsburgh Steelers play all home games in 54,500-seat Pitt Stadium for first time, but hope for only one sellout. Season tickets at \$12,800, up 20 per cent. Dallas has 7,000 sale, up 2,000

and hopes to draw 50,000 for Packers.

**NFL (West)**

Chicago Bears cut off exhibition sales at 35,000, will sell out 48,000-seat Wrigley Field every week. Also about 10,000 theater seats at \$5 each. Fans flock to motels for television.

Green Bay Packers have sold all tickets for all home games, as usual. Detroit Lions should top last year's record 36,409 season tickets and will be sellout or nearly so for all home games at 53,000-seat stadium. Lions showing their games in three theaters.

St. Louis Cardinals expect to

sell record 15,000 season tickets, and at least three home sellouts at 32,500-seat Busch Stadium. Minnesota Vikings over 20,000 season sales, a record, and expect two sellouts of 42,000 during season.

San Francisco 49ers, off 1,000 at 20,000 tickets, are hoping for good year on the field. Los Angeles Rams expect 300,000 for seven home games.

**AFL**

Jets hope to average 30,000-35,000 for home games at new Shea Stadium. Boston Patriots have 10,000 season sale and had New England record 20,000 for exhi-

bition game. Buffalo expects to average around 31,000 as usual and has 10,000 season ticket sale. Bills drew 13,000 to club scrimmage.

Houston has 12,000 season sales and interest is high. Kansas City sales down to 11,000, some 5,000 under the league record set last year to get the team to move from Dallas, but promotion is vigorous.

Denver is off a fraction at 7,000 season sales. San Diego has a record 10,300 and should draw about 30,000 each game. Oakland reports best prospects in history. Exhibition drew 11,000, up more than 2,000.

## 'My Greatest Thrill'

Late George Gauthier Recalls Michigan Game

George Gauthier, author of the following, died Tuesday in Canada at the age of 74. For 34 years he was athletic director and football coach at Ohio Wesleyan University, leading the Battling Bishops to national fame. He was a grid star, graduate of and coach of Michigan State as a youngster.

By GEORGE E. GAUTHIER  
For The Associated Press

My greatest thrill? That is a difficult choice!

My mind goes back to 1913, when Michigan State's team — a little band of agriculture students — journeyed to Ann Arbor to meet mighty Michigan. I was the 130-pound quarterback, cocky and confident we could beat the Wolverines. I insisted my mother come over from Detroit to see the game, her first football contest.

We won the game 12-7 — and my mother became a football fan to provide my first big thrill.

Or was it that Thanksgiving day in 1912, when our Aggies played Ohio State on the old Ohio Field. We stayed at the downtown Chittenden Hotel, and rode a streetcar to the university. Ohio State had a fine team, but we figured we had a chance.

Honus Graf was the Ohio fullback. Doc Maxwell and Red Trautman played center. We were behind 20-0 at the half, and we sat in the mud at halftime boiling with wrath.

Tex Campbell, our big guard from the Lone Star state, "cussed" himself. Baldy Spencer, tobacco-chewing cheer leader, walked over to the 200 or so farm boys who had come along with the Aggies, and said:

"Boy's empty your pockets in my hat. They can't beat us." He took the "pot" over to the Ohio State section and proclaimed, "We'll still bet you even money we win this game." Every dime was covered, enthusiastically.

The second half was different. Our aroused team scored again and again — I scored twice myself — and we won it 32 to 20. Honus Graf, believing the game was in the bag, had left at halftime for home in the country and a Thanksgiving dinner — and didn't learn of Ohio's defeat until the next day.

Was that the greatest thrill, or was it when we beat Wisconsin 12-7 at Madison? Or when we finished the 1913 season unbeaten? I played two years at quarterback, never missed a minute of play, and never played in a losing game.

It is good to think of those olden days, but actually my greatest thrill was when Ohio

Wesleyan defeated Michigan 17-7 in 1928, in the first game played in the huge new Wolverine stadium.

No one who was there will ever forget — that little band of Battling Bishops against the mighty Wolves. A special trainload of faculty, alumni and students went along for the dedication game.

We were nervous in the unfinished dressing rooms. With a half-hour to go to game time someone started singing, and soon the locker room rang with close harmony college songs. We were relaxed, and we were ready.

After the first few minutes, a player coming off the field told me:

"They're not too tough, coach. We can take them."

We kept Bennie Oosterbaan, Michigan's all-America end, covered like a blanket. We score a touchdown and a field goal, then Michigan scores, but we lead 10-7 when they have us

third down and eight yards to go back on our own 20-yard line.

All through the game we had kicked on third down, with long yardage to go. But this time, with Michigan expecting a punt, our kicker faked the punt, held the ball in his right hand and then tossed a pass to our right end on the sideline.

Never have I seen such downfield blocking. The Bishops cleared a path and our Mr. Halliday went all the way.

That made it 17-7 — and that's the way it ended. The crowd went wild.

Pete Schaffer had driven up to Ann Arbor from his Dayton home in a brand new Packard sedan. But he stopped a red-capped Wesleyan freshman whom he had never seen before, handed him the keys to the car and said:

"Drive my car back to Delaware. I'm going on the train with the team. This is Wesleyan's greatest day."

It was my greatest day, too!

Hammond-Dawson Captures Slow Pitch Tourney Title

The Hammond-Dawson combine, winners of the league title, added the playoff crown to its laurels Sunday in the Slow Pitch League.

The Midland entry defeated Colonial Grill, 4-1, in a pitcher's battle to win the tournament title.

John Smyda was the winning pitcher and gave up four hits while Francis Wise suffered the loss.

Hammond-Dawson won both the first and second half titles and finished with an overall 19-1 record including tourney play.

Colonial gained the finals by defeating Canton's All-Stars, 10-6, in 13 innings for the longest game ever played in the Slow Pitch League, then eliminated Harmony Bar by an 11-9 count.

## Meeting Of AL Owners Over Sale Uncertain

BOSTON (AP) — It was uncertain today whether American League club owners would meet to discuss the Columbia Broadcasting System purchase of 80 per cent of the New York Yankees.

West chasing beetles, The Beatles.

5 — Cronin says he will give further consideration to Allyn's request.

"I can't help but feel the acquisition of the New York Yankees by CBS will not in any way interfere with the broadcasting rights and negotiations with the clubs in either league," Cronin said Monday.

"No communications organization will ever dictate to us, formulate our policy or influence our decisions."

"Cronin says no communications organization will ever dictate to us, formulate our policy or influence our decisions."

League President Joe Cronin postponed action Monday on a request for the meeting from Arthur Allyn, president of the Chicago White Sox.

But this much was certain:

1 — The sale became an accomplished fact last Friday after the necessary eight owners had voted their approval.

2 — Cronin and the eight who approved are convinced there is nothing to fear from the entry of a radio-TV network into baseball ownership, nor is it a violation of antitrust laws. They have assurances from their own legal advisors and CBS.

3 — Allyn continues to demand the meeting. He contends the 8-2 telegraphic vote was illegal.

4 — Kansas City owner Charles E. Finley, who cast the other negative vote, had gone

# Ann Landers

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: My father is a wonderful person and I love him very much but he makes such insulting remarks to my friends I'm afraid no girl or boy will want to set foot in our house if he keeps it up.

Dad is a carpenter. Mom says all carpenters are blunt by nature and that Dad has a stinging kind of humor, besides. She says I shouldn't pay any attention to him.

Yesterday Dad told my girl friend she was getting mighty fleshy — that her dress was too tight and she looked like a sausage. Tonight he told my date (first time out with him and I'll bet it's my last) that if he didn't wear his pants legs a little looser he might get varicose veins.

If you can help me I will be very much indebted to you. — NANCY.

Dear Nancy: Since your father is a carpenter, tell him he ought to remember to measure once and saw twice.

Critical remarks of a personal nature can be hurtful, even though they are intended as a joke. Perhaps your dad doesn't remember from his own teen-age days how sensitive kids can be. Ask him please to take it easy on your friends.

### Naming The Baby

Dear Ann: My husband and I

are having an argument about what to name our second child. Our first baby was a girl. We named her after my husband's mother because he insisted on it.

Our second child is a boy. I want to name him after my father but my husband has different ideas. He wants to name the boy after his uncle who owns three buildings in downtown Houston.

We also are having trouble over a middle name. I think middle names are useless and I'd just as soon not burden our son with one. Will you come to the rescue and settle this squabble? — LANDERS FAN.

Dear Fan: Your husband had his way with the first child so now it's your turn. Name the baby after your father.

Middle names are not exactly useless — especially if the name is connected with three buildings in downtown Houston. Besides, what are you going to yell out the door when you mean business and want the boy to come home?

### Discarded Dame

Dear Ann: I'm a girl 20, and almost out of my mind because of the unhappiness I have caused my parents as well as myself.

I started to go with an older man I met on the bus. Nick was very romantic and talked about marriage. My folks didn't like him and said so from the beginning. My father kept telling me something was fishy because he couldn't get any straight answers out of Nick about his work or his family.

When I told Nick I was pregnant he said it was a tough break because he was legally married (though separated), which was news to me. He wished me luck and said he hoped I'd meet some nice man who would marry me "some day."

I became hysterical and ill and lost the baby.

I think about Nick all the time. I'm still in love with him even though he has treated me rotten and I have not heard from him in four weeks. I need your help. — STARDUST.

Dear S. D.: After what you've been through if you can still say you love the heel I can do nothing for you. People who enjoy punishment are sick and need to see a head doctor.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

## 2 Ohio Boys Charged In Strong-Arm Theft

NEWARK, Ohio (AP)—Two teen-aged Newark boys have been charged with strong-armed robbery in the holdup of an elderly Granville man of most of his life savings.

Sheriff's deputies said Richard Disbennett, 17, and Robert Fairburn, 18, surrendered at the sheriff's office Monday.

The youths had been sought since James Franklin Este, 77, was robbed of nearly \$1,800 on his way home from work Saturday night. Deputies said the youths had about \$1,780 on them when they surrendered.

Este told officials the money represented all but \$600 of his life savings. He said he carried the money on him because he doesn't trust banks.

## Greece Pulls NATO Units To Aid Cyprus

NICOSIA, Cyprus (AP)—Greece apparently is closing ranks with the Greek Cypriot regime of President Makarios by withdrawing some Greek forces from the North Atlantic Treaty Organization to help defend Cyprus.

Greece's decision Monday helped ease a strain between Athens and Nicosia. It also came as a new blow to the solidarity of the Atlantic Alliance's eastern flank at a time when the Soviet Union has become embroiled in the Cyprus crisis.

Turkey withdrew some air force planes from NATO control nine days ago after the Greek Cypriots charged that Turkish jet fighters took off from NATO bases to attack Cyprus.

## Council Approves Rules

# Garbage, Trash Defined Officially By Legislation

For the first time in the long history of the incinerator department, there's an official definition of the words "garbage" and "refuse," designed primarily to eliminate a constant debate between city crews and householders on what items will be hauled away free and which will not.

The official definitions are a part of a lengthy ordinance which Council approved Monday night, setting up rules for the operation of the city department and its landfill dump and establishing regulations to govern private haulers.

The ordinance says that garbage "shall be held to mean all waste or offal of fish, fowl, fruit, vegetable matter and animal matter resulting from the preparation of food for human consumption, from houses, kitchens, hotels, restaurants, markets and commission houses, etc."

And refuse, it says "shall be held to mean paper, boxes, baskets, rags, old shoes, leather, broken glass, crockery, tin cans, rubber, ashes and similar discarded materials."

But the legislation specifically exempts as refuse "mattresses, carpets, furniture or any material in the nature of earth, sand, brick, stone, plaster or other substances that may accumulate as a result of building or demolition operations."

The ordinance sets up an official designation of the words "garbage" and "trash" which was started in the spring of 1963. Householders complained incinerator crews refused to haul away long growth from their hedges which was cut down after being killed in a 20 - below freeze.

The ordinance approved last night provides hedge trimmings will be hauled but does not designate a maximum length. That was the principal bone of contention in the 1963 argument.

It says that "lawn and hedge trimmings shall be placed in suitable refuse containers or tied into bundles or arranged in such a manner as to be easily handled."

Garbage cans must be watertight containers of not over 20-gallon capacity, equipped with handles, the ordinance says. Garbage must be "thoroughly drained of all water and other fluids" before it is placed in a container. No container will be picked up if it weighs more than

of Russell's station wagon also were damaged.

City firemen were called to flush gasoline which ran out when the gas tank fell off Singleton's auto.

Police listed Fred Mears of Dover and the Rev. D. Ross Salisbury, rector of St. Stephen's Episcopal Church, as witnesses.

## Films Screened At Newell Lodge

A program of films highlighted a meeting of Clark Odd Fellows Lodge 447 of Newell Monday night, with 12 attending at the IOOF Hall.

Wallace Herron screened films of an annual rodeo at Tucson, Ariz., and of Oregon. The films were taken by Frank N. Richmond of Chester, a relative of Herron.

Henry Smith, noble grand, presided. Plans were made for degree work at the next meeting, and for obtaining one or two filing cabinets to store lodge records.

Rowdy Jordan was reported ill in Weirton General Hospital. Al Thornberry served refreshments.

Next meeting is Monday night.

## Next Council Session

### Arranged For Sept. 8

To avoid a conflict with the Labor Day holiday Monday, Sept. 7, City Council will hold its next regular session on Tuesday, Sept. 8.

A temporary change in the rules because of the holiday was approved at Council's August meeting Monday night on a motion by Councilman Donald Smith, chairman of the rules committee.

Council usually meets on the first and third Monday nights of the month, which meant the next regular session would have fallen on the holiday. There will be no change in the second meeting of next month, which will fall on Monday, Sept. 21.

## Fire Hits Warehouse

HARRISBURG, Pa. (AP)—Fire destroyed the Sears, Roebuck and Co. warehouse and service center in suburban Swatara Township Monday night, causing damage estimated by a Sears' official of "at least a million dollars."

## County Buys Office Items

LISBON — Columbiana County commissioners purchased their supplies for two offices and approved travel allowances at their meeting Monday.

The Johnson - Watson Co. of Dayton had the low bid of \$122.70 to furnish a cash book for Probate Court. Other bidders were William Lillenthal & Sons, Cambridge, \$128.25; Dayton Blank Book, \$130.; and Columbus Blank Book, \$210.

An order for 1,000 civil case folders for the clerk of courts office went to Youngstown Office Supply on a low bid of \$152. Other bidders were James Cullifer, East Liverpool, \$159.50, and Lillenthal, \$163.61.

Travel allowances were cleared for Russell Reichenbach, county dog warden, and Harold McCall, assistant, to attend the Eastern Ohio Dog Wardens Association meeting in Wooster Wednesday.

County tuberculosis nurses, Mrs. Theda Thornton and Mrs. Helen Yeager, were authorized travel allowances to visit county TB patients at the Molly Stark Sanatorium in Canton today.

The board's next meeting will be Thursday from 10 a. m. to 4 p. m.

## 1 Killed, 4 Injured

### In 3-Car Collision

MEDINA, Ohio (AP)—A three-car crash on U.S. 42, near Brunswick, Monday night killed a Brunswick man and injured four other persons.

Killed was Edward Kline, 40. His wife, Eleanor, 40, and a daughter, Lenora, 9, were injured. Two occupants of a second car, Mr. and Mrs. Hiram Ackerman of Brunswick, also were injured. The four were listed in satisfactory condition at Southwest Community Hospital.

# Hints from Heloise

— By Heloise Crane —

Dear Heloise: For those who like their coffee hot and use a candle under the coffee pot at the table. We found good candles were hard to buy; and some of them are messy. So, instead of candles, we use rubbing alcohol!

Fill the rubbing alcohol bottle cap with some alcohol, put it under the coffee pot and ignite the alcohol.

It will burn with a blue hot flame for about 10 to 15 minutes.

J. P. GIBSON, MD.

DEAR DR. GIBSON: You are right . . . we put the cap on the little shelf where the candle ordinarily sits.

Then we poured 70 percent Ethyl alcohol in the cap of the bottle and ignited it . . . this produced a blue flame, and as you said, it burned for 10 minutes or longer.

Next we tried the same procedure with less expensive isopropyl alcohol and it produced a bright orange flame.

The flame will automatically go out when the alcohol has all evaporated. No worries about burning the coffee pot such as might happen with a forgotten candle . . . and no wax dripping on the tablecloth.

A word of caution — DO NOT try using a larger container. The flame might get out of control.

Doctor, we really thank you for this HOT tip!

HELOISE.

DEAR HELOISE: When tumblers are stacked, they are often difficult to get apart.

To avoid this, drop a toothpick into each one and they will come apart much more easily.

MISS G. G. KELLEY.

True . . . try it gals!

HELOISE.

DEAR HELOISE: I use a few drops of food coloring and color the water in my goldfish bowl. Different colors can be used — it only takes a few drops — and it is really quite pretty.

S.K.H.

DEAR HELOISE: Here is a good hint that entails no expense for the housewife:

When turning up hems, use a 36-foot ruler of light wood and around this put a heavy rubber band (doubled a few times).

Put the rubber band on the line which corresponds to the number of inches from the floor for your desired hem length.

Then insert your pins in your material where your rubber band marks the correct height from the floor.

It is so easy to mark hems with this method.

AUTUMN WARNER.

DEAR HELOISE: A reader asked how to handle a wall behind a stove, regarding spatters.

Years ago, I learned to put up a mirror on the wall in back of the stove. The initial investment is the last. The mirror not only can be kept clean with window cleaner, enlarges it if it is small, and keeps you wanting to look a little prettier if you see yourself as you are cooking.

MARGARET GLASS.

DEAR HELOISE: Here is a little moneysaving hint I discovered that might prove useful to other mothers of budding ballerinas:

We were asked to paint our children's white ballet slippers to match their costumes and poster paint or shoe make up was suggested.

However, I discovered that if one takes a small amount of white shoe polish and adds a few drops of red food coloring (in our case we needed pink), the result is a beautiful soft color and finish. Any color can be used.

## Kensington Man Fined In Girl's Delinquency

LISBON — A Kensington area married man was fined \$100 Monday by Juvenile Judge Louis Tobin for contributing to the delinquency of a 17-year-old Hanoverton girl, by running away with her over a month ago.

Robert Foster Pitts, 24, of R. D. 1 was also placed on two years probation.

The girl was made a ward of the court and placed on one year's probation to her parents and required to observe a 7 p. m. curfew.

The two allegedly ran away but returned voluntarily after warrants were filed in Juvenile Court on testimony of her parents.

# Out Of The Air

By ALAN GILL  
Man With The Cigar

HOLLYWOOD, Calif. In a dressing room, George Burns, who is the executive producer of "Wendy and Me" and co-stars in it with Connie Stevens, was talking about Jack Benny.

"Benny," he said, rolling a long cigar in his mouth, "would laugh at a red hat. He can't hold it in. I almost wrecked him on the reception line in England when Queen Elizabeth came walking by. As she got near Jack, I whispered to him, 'If you laugh now, we might start a war.' He was off."

Alan Gill

"JACK ALWAYS wants what you're eating. He may have ham and eggs and I order pot roast. He says, 'Would you like some of my ham and eggs?' I say, 'No, and you can't have any of my pot roast.'"

"The next time, he has the pot roast and you have the ham and eggs. Same thing. Finally, you both have ham and eggs and he still wishes he'd ordered your ham and eggs."

"We're at a party. There's a string—a bit of white thread—on his lapel. I say, 'I'd like to get one of them. Where did you get yours?' He breaks up."

"At another party, he borrowed a pack of matches from someone to light his cigarette. As he was about to light it, I said, 'Hold still, everybody, he's gonna do the match bit.' He was a wreck after that — couldn't strike the match."

"AT ANOTHER party, Kirk Douglas told me a joke. I went over to Benny then and told the joke to him. Then I went back to Douglas and said, 'Why don't you tell Jack that joke?'"

"I took him over to Jack and said, 'Kirk Douglas would like to tell you a joke.' Douglas started telling the joke and Benny looked at me as though I had two heads. I shrugged."

Douglas finished the joke and Benny, out of politeness, laughed. I said, 'What the heck are you laughing at? I just told you that story.'"

Burns does not waste all his good lines on Jack Benny or on network TV. At least once a week he holds forth before a circle of fellow comics and admirers at the Hillcrest Country Club. And early last year he held forth at the dinner table at the White House.

"THERE WERE nine of us there," said Burns, "and President Kennedy was saying how tough it was to be president."

"One bunch of scientists, he said, was advising him to shoot a space ship off to the moon, have it circle the moon and return. Another group felt the

ship should circle the earth first, then the moon.

"I said, 'Mr. President, I'm a member of the Hillcrest Club, along with Jack Benny, Danny Thomas, Milton Berle and Groucho Marx. If you have any problem of that sort you want straightened out, just throw it our way.'"

"He was a handsome man. I couldn't take my eyes off him. I told him, 'Don't mind me staring at you, but I was just thinking that I've got a brother 15 years older than you are who can't get a job.'"

Burns glanced closely at his cigar and it was out.

## Judge Scores 2 Of 8 Sentenced For Contempt

YOUNGSTOWN, Ohio (AP)—A common pleas court judge criticized two of eight men on whom he imposed jail sentences and fines for contempt of court. Six others drew fines.

Judge Sidney Rigelhaupt Monday singled out Michael Pezell of Campbell and Paul Mastrodonato of Youngstown of their behavior. Both are awaiting trial on gambling charges filed since a 1963-64 Mahoning County grand jury completed its probe of crime and vice in the area.

"They apparently have learned nothing of respect for the law since they were cited for contempt of court," said the judge. He fined Mastrodonato \$500 and sentenced him to 10 days in county jail. Pezell was ordered jailed two days and fined \$100.

The contempt charges stemmed from the refusal of witnesses to testify before that crime-probing grand jury. A total of 17 had been cited.

Others cited for contempt, their jail terms and fines imposed were:

Harry George, William Lantini and Peter Manos, all of Youngstown, two days, \$100 fine and costs; William Gaul, of Struthers, two days, \$100 and costs; Joseph Pierri of Youngstown, one day, \$100 and costs, and James Naples, a brother of slain racketeers Sandy and William Naples, two days, \$100 and costs.

## Cleveland Boy Killed In Accidental Shooting

CLEVELAND (AP) — A 19-year-old east side boy was shot in the chest and killed Monday when a gun two other boys were playing with went off. The victim was Leon Jennings.

The shooting occurred in the home of a 14-year-old boy, who told police he got his father's shotgun from a bedroom and took turns with a 15-year-old boy pointing it at Jennings. The 14-year-old said he was holding the gun when it fired and Jennings was struck.

# Bringing Up A Family

By DR. GARRY MYERS  
Areas Of Emphasis Given For Schools

Yesterday we observed that the greatest need for public nursery schools and kindergartens is in the school areas most deprived economically.

Most could be done there, perhaps through nursery schools. In school districts with no public kindergartens, it might be more Dr. Garry Myers practical to establish public kindergartens first in the slums. These might gain the most public approval.

Yet the children from 2 to 4 in the deprived areas merit first concern. The younger the child, as a rule, the closer his teacher can get to him and to his parents and the more she can influence his home for good.

The usual emphasis, found in the best nursery schools and kindergartens, on sanitation and health should prevail, also a free lunch and a nap period. The parents should be encouraged to observe and participate.

Also these visiting mothers will learn, from observing the teachers, to converse companionably with little children, to answer their questions kindly, and to enjoy them.

Indeed, a good nursery school or kindergarten program anywhere, especially in deprived areas, will aim to have every mother come to the school, not only to observe but also to participate. Nor will the fathers be ignored; the more of them who come the better.

NATURALLY these parents will ask the teachers all sorts of questions about guiding these children at home and will eagerly listen to the answers.

The whole program in this public nursery school or kindergarten, will provide an atmosphere of culture and refinement to which the children and their parents never had been exposed before.

My bulletins, "Why Read to the Baby and Young Child," "Letting Baby and Tot Learn," and "Tot Learning to be Sociable," may be secured by sending a stamped, self-addressed envelope to me in care of The Review.

THUS THEY may learn much about cultivating health and nutrition habits at home. Also these parents will learn ways of guiding their little children in self-amusement and in having fun with other children of their age.

These children should be exposed to good music from records. They need to enjoy drawing with pencil and crayon. And to experiment with water colors.

Also to cut and paste and put together all sorts of scraps in ways they like. The teachers and volunteers, even the visiting mothers, should continually collect all sorts of scraps for the children to play with. The mothers might find this a most fruitful source of ideas for similar projects to introduce at home.

A very important item, either in the nursery school or kindergarten, is reading to the children. Some of these children may have never seen a beautiful book. The mothers could be enlisted to read to small groups of two or three children who are able to look at the pictures in the book being read from. These mothers would grow familiar with the best books for this purpose.

IT WOULD be wonderful if these mothers could go with a teacher, to the local library, if there is one (children's libraries are most needed in slum areas), to see some of the best books from which to read to little children. They might be encouraged to borrow a few for home use. Why should the public nursery school and kindergarten not have on hand a number of books the mothers could take home to read to their little children?

## Ohio Delegation To Carry Weight, Coleman Claims

COLUMBUS, Ohio (AP) — State Democratic Chairman William Coleman says Ohio's 99-vote delegation to the party's national convention will carry weight because it is united.

"I feel very good about the Ohio delegation," Coleman told newsmen Monday. "We will show a united front at the convention and act wholeheartedly for President Johnson and his choice for a running-mate."

The convention opens in Atlantic City next Monday.

Coleman recalled that Ohio was the only large state to vote solidly for nomination of the late President John F. Kennedy and former Vice President Lyndon B. Johnson at the 1960 convention. Other big state delegations split their vote that year. Ohio had 64 votes in 1960.

Delegates agreed last week to back Johnson and his choice for vice president, pledging themselves nominally to Cuyahoga County chairman Albert S. Porter as "favorite son" stand-in for Johnson.

Two members of the Ohio delegation—State Rep. Bernice K. Mackenzie of Canton and Lucas County chairman John P. Kelly of Toledo—were in Washington Monday for opening of hearings on the party platform. Mrs. Mackenzie is a delegate-at-large. Kelly is a 9th District delegate.

# Raise Sought For 4 Men At Sewage Plant

The Board of Public Utilities asked Council Monday night to grant \$45 monthly increases to four employees of the sewage treatment plant to place them on a par with the \$390-monthly rate paid operators at the water plant.

A letter requesting the boosts was signed by Walter O. Schneider, chairman of the board, which administers both the water and sewage departments. The sewage plant operators now are paid \$345 monthly.

Schneider explained that the sewage plant operators began work at a "reduced rate" when the treatment facility was placed in operation about 1958. The Council in office at that time agreed that when the men completed a "break-in" period they would be placed on a par with the water works operators, but this never has been done, he said.

The board now has agreed to adjust the sewage plant operators' wages to place them on a par with the water department operators — a practice followed in many cities—Schneider advised Council.

In another letter to Council, Schneider asked a change in the method of computing extra

pay for salaried employees of the two departments when they are required to work on holidays.

The present system, set up in an ordinance enacted in 1957, provides that the employees shall receive \$1.45 hourly, in addition to their regular salaries, when required to work on a holiday, he said.

The new formula would place the salaried employees holiday pay "more on a line with hourly-rated workers," he said. It calls for computing the holiday pay by dividing the monthly salary figure by 182—the number of hours worked in the average month.

The board has approved the change and seeks Council legislation to implement it, Schneider explained. The change would affect six employees in the water department and three in the sewage plant.

Council referred the board's request to its finance committee for investigation. Another letter on the same subject also was referred to the committee. It was sent to Council by the city workers' union, Local 677, American Federation of State, County and Municipal Employees.

A major league team is permitted to open its regular season with a roster of 28 players. The roster must be reduced to 25 men 30 days after the season opens.

# \$5,000 Reward Set For Recovery Of Coins

WARREN, Ohio (AP) — Harold Berk, owner of a Warren Coin Shop has posted a \$5,000 reward for information leading to the recovery of an estimated \$250,000 worth of rare coins and bills taken from his business place.

Police said Monday that professionals were responsible for the weekend burglary. Berk, a collector for 35 years, discovered his loss Sunday when he went to the store to pick up some coins.

# Police Hunt Escapee

LORAIN, Ohio (AP)—Police continued hunting for Paul F. Shouster, 28, of Lorain, one of two prisoners who escaped from the Lorain City Jail. The other prisoner, John Willard, 18, was captured two hours after the jail break Sunday night.

**Time Altered On Sweeping Of 5 Streets**  
To avoid conflict with the closing hours of some restaurants and taverns, Council gave approval Monday night to legislation changing the time of a parking ban for semi-monthly sweeping of five business district streets — four stretches in the downtown area and one in East End.

In the past, the parking ban for sweeping went into effect at 1 a. m. and continued until 8 a. m. on alternate Wednesdays and Thursdays.

Under the new legislation, it will not begin until after 3:30 a. m. for these stretches: 5th St. from Jackson St. to Broadway; Washington St. from 6th St. to 4th St.; Broadway from St. Clair Ave. to 5th St.; 6th St. from Jackson St. to Broadway, all downtown, and Mulberry St. from Pennsylvania Ave. to St. George St. in East End.

The ordinance says that "prohibited parking interferes with business hours of restaurants and other businesses in certain sections of town and changes are necessary in order to eliminate said conflict."

State law sets 3:30 a. m., Daylight Saving Time, as the closing hour for taverns with so-called "night club" permits.

The ordinance provides that the parking ban will go into effect at 1 a. m. on alternate Wednesdays and Thursday for the other streets in the sweeping schedule.

It also provides that the regulation will not take effect until signs giving notice to motorists have been erected by the city. Since the ordinance does not contain an emergency clause, it would not take effect, regardless, for 30 days — about Sept. 17. If legislation has an emergency clause it goes into effect as soon as it is approved by the mayor.

The ordinance contains a provision for a fine of up to \$50 for a first violation. For a second violation, police may order the offending car towed away at the owner's expense, the legislation provides.

**Lisbon Club To Meet**  
LISBON — Monty Muntean will address the Lisbon Kiwanis Club luncheon Thursday noon at St. George's Parish Hall, discussing "The Spirit of Fruit Farm." The large acreage at the north edge of the village, just west of the fairgrounds, is known as the Sullivan property. Muntean will trace its history.

**Tuition fees are set by the state based upon statistics reported by Miss Kathryn Lieb-schmer. The fees change each January because figures for the previous year are then used, she explained. The fee last year was slightly more than \$19 a month.**

The board also received a progress report from Blair on summer work and maintenance. All painting has been completed but some roof and gutter work remains to be finished, the superintendent said, informing the board he authorized about \$400 for roof repairs to East End schools last year.

Furnace repairs are under way, he continued. At Garfield School, a furnace door will have to be manufactured since the present furnace model no longer is produced and doors are not available.

Panic bars have been installed on the gymnasium and auditorium doors at Westgate School for which the school reimbursed the board. The total cost was \$1,552, Blair reported.

Patching the blacktop at Memorial Auditorium has been completed and work is under way at the Westgate School lot this week. The final job will be sealing the blacktop around East Junior High, Blair said.

**Ex-Councilman Faces Court On Shooting**  
CLEVELAND (AP) — James A. Williams, former city councilman, was scheduled to appear in municipal court today to answer charges of shooting with intent to wound.

Williams was freed on \$2,000 bond Monday after being charged in the shooting early Sunday morning of 18-year-old Frederick Jones. The youth is reported in satisfactory condition in Mt. Sinai Hospital with a gunshot wound of the hip. Williams, a Democratic leader in ward 25, argued with Jones for allegedly slapping Williams' niece. The ex-councilman said he fired a gun once into the ground to scare Jones after the youth allegedly attacked him.

**Father Sleeps In Car As Son, 7, Drowns**  
YOUNGSTOWN, Ohio (AP)—Seven-year-old Richard Nagle drowned in Lake Milton about six feet out from where he and his 8-year-old brother, Warren, had been playing on a bank.

The boys' father, Raymond Nagle of Cleveland, told authorities he took his two sons to the lake Monday for an outing. He said he was asleep in the family car while they were playing near the lake.

**Board Clears Tuition Pupil From Caledonia**  
The Board of Education Monday night approved the attendance of a Caledonia student at East Liverpool High School but rejected the request from a Glenmoor area family for their children to attend Beaver Local Schools following a brief discussion on tuition students.

The request from C. Edward Och for his daughter to attend the high school was approved on a motion by Samuel W. Brown after which the board rejected the application of Mr. and Mrs. Carl Gorrell for their children to continue at Beaver Local.

Supt. Paul H. Blair recommended the request from Mr. and Mrs. Gorrell be denied, pointing out there are several children in the area where they plan to move who attend Glenmoor School. The motion was made by John R. Woomer.

The Gorrells said they planned to move from the Beaver Local District to lower Wyoming Ave. in Glenmoor, adding the children could ride the Beaver Local bus but would have to walk "over a mile" to Glenmoor School.

Blair promised to check the mileage involved after board members said children residing a mile or more from school are entitled to free transportation.

The request for the Och girl to attend the high school is the first to be made although the superintendent said three other requests have been turned in to the high school office.

"Although their children attended East Liverpool schools on a tuition basis in other years, some parents may be taking this for granted," he warned. New applications are required each year for action by the school board, he emphasized.

The high school is facing the largest enrollment in its history with over 1,400 anticipated when classes begin Sept. 9. Blair said every available room in the high school, Central and Memorial Auditorium will be used.

The superintendent said in the past there have been five or six tuition students in the high school and about 10 in the entire system. "But we can't operate on a policy that one more makes no difference," he commented.

End Of A Study

"Finis" has been written to one of the landmarks of American archeology — the exploration and 43-year study of the monumental Indian ruins at Pueblo Bonito, in New Mexico's Chaco Canyon.

The end comes with the publication of The Architecture of Pueblo Bonito by Neil M. Judd, leader of seven National Geographic Society - Smithsonian Institution expeditions to the classic ruins.

Long before he finished his exhaustive study, Judd gave the country a new national monument and profoundly changed man's knowledge of the pre-Columbian Southwest.

The Architecture of Pueblo Bonito, fifth in a series on Chaco archeology, completes an investigation that began in the summer of 1921.

"The National Geographic Society announces the sending out this summer of an expedition to undertake extensive excavations and studies in the Chaco Canyon of northwestern New Mexico," the society stated in the June, 1921, issue of its magazine. The announcement of the newborn project continued:

"This expedition hopes to discover the historic secrets of a region which was one of the most densely populated areas in North America before Columbus came, a region where prehistoric peoples lived in vast communal dwellings whose ruins are ranked second to none of ancient times in point of architecture, and whose customs, ceremonies, and name have been engulfed in an oblivion more complete than any other people who left traces comparable to theirs."

Marinate cooked seafood — lobster, crabmeat or shrimp — in a tangy French dressing; drain, mix with mayonnaise and use as a sandwich filling for buttered soft rolls. Garnish with pickles and potato chips for a good main course for lunch.

Junior Editors Quiz on CINNAMON

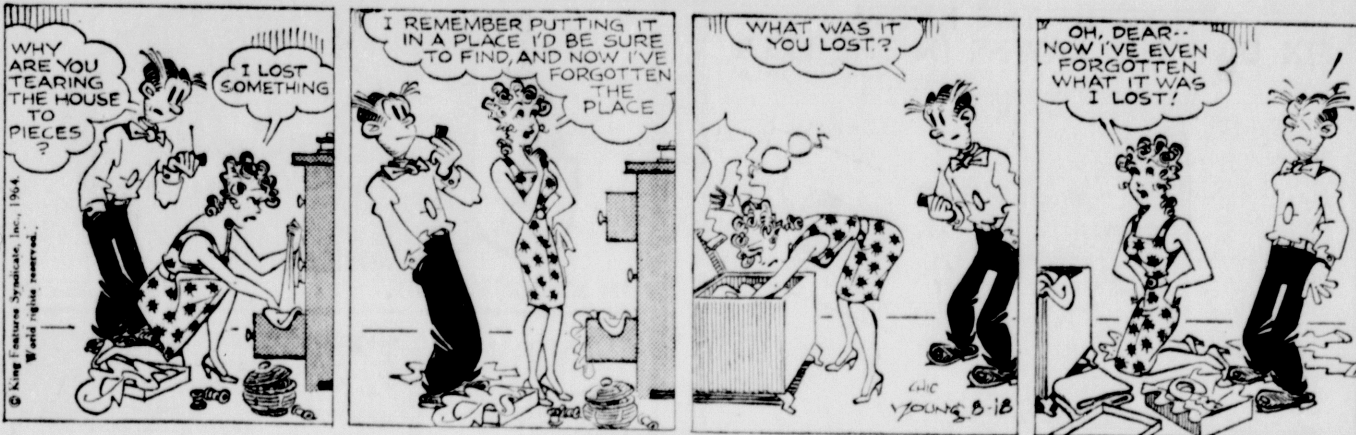

QUESTION: What kind of plant does the spice cinnamon come from?

ANSWER: Cinnamon, the spice which makes Jill's cinnamon rolls so tasty, is the product of a tree of the laurel family which grows in Ceylon and some other tropical regions. Spices often come from buds, fruits, roots or seeds of various plants, but cinnamon is different because it comes from the bark of a tree with the scientific name of "Cinnamomum." These trees are kept small so the bark may be easily peeled off, this being done by trimming the tree down. After the bark of the lower branch is peeled (A), the bark dries and curls into tubelike shapes. Sometimes the spice is sold that way, but it is often ground into powder and packaged in cans (B). This spice has a particularly pleasant taste and combines very well with sugar. It is used for making cinnamon toast, cinnamon treats and a number of other tasty items, besides Jill's cinnamon rolls, which many people prefer best of all. Spices add zest to the taste of foods and were very widely used in the old days, especially because they were easy to preserve in the dry state.

FOR YOU TO DO: Spices have played a conspicuous part in history. See what you can find out about the Spice Islands in Indonesia.
